Even as a published podcaster I've learned several things that have already made my podcast audio and presentation much better. It is written in a very easily consumable way that will ultimately save you time and money while helping you produce the best possible product. Jason Havey, *Spinning Logic Podcast*. [The Podcaster's Audio Handbook](#) Corey Marie Green, 2021. Podcasting is a powerful tool of communication and creative expression that doesn't need to be intimidating. This book brings together the creative and technical aspects of audio engineering to help podcasters communicate their ideas effectively and creatively. The Podcaster's Audio Handbook focuses on simple techniques that immediately elevate the audio quality of your podcast. The book provides an overview of podcast recording and editing techniques so that podcasters can avoid common pitfalls. Readers will also gain access to audio downloads to enhance the learning process. With this book, you can improve the technical aspects of recording and editing your podcasts. Anyone can learn audio techniques, and I encourage anyone to share their stories through podcasting. Unleash your creativity and connect with your audience. What You Will Learn: Choose the correct file formats and settings. Set up a portable recorder. Make informed decisions about equipment purchases. Find suitable acoustic spaces to record inside and outside. Conduct an interview over the phone and the internet. Make a high-quality recording of an interview inside, outside, and remotely. Edit your podcast to an intermediate standard. Who This Book Is For: Perfect for a non-technical audience or beginner to intermediate podcaster looking to improve the audio quality of their podcast. *Let's Podcast! a Guide for Those of Us Who Don't Know That Techie Stuff* Jnette G., 2019-07-09. Podcasting is new, and there is so much information out there on it. If you are just beginning on your podcast journey and have no idea what you need to do to get this thing started, and you are a simple person who is short, sweet, and to the point, this is the book for you. I give you step-by-step what you need to do to create your podcast from idea to recording. I have also included pages for you to brainstorm ideas and have it all in one place. You can call it the podcasting workbook for simple people who have no tech skills. **How to Start a Podcast Using AI** Benjamin Pollack, 2025-08-21. We are in a sweet spot. AI tools are polished enough to deliver professional results. The podcasting space is still wide open for new voices. Most people still don't realize how easy it's become to start. If you wait another two years, the market will be more crowded, and your unique idea might already be taken by someone else. Starting a podcast in 2025 is like starting a YouTube channel in 2010: the wave is building, but it hasn't fully crested yet. If you get in now, you can ride the momentum as AI reshapes the industry. This book gives you the roadmap, the tools, and the prompts to launch your podcast with confidence. Inside, you'll learn how to: Plan your show and define your audience. Build your podcast brand with AI-powered tools. Record and edit episodes quickly with professional results. Distribute your show across major platforms. Grow your audience and community. Monetize your content and create sustainable income. Avoid AI pitfalls while keeping your authentic voice. You don't need a studio or expensive equipment; just your voice, a laptop, and the willingness to start. With the help of AI, you can cut your production time in half, create better content faster, and focus on what matters most: connecting with your listeners. Whether you're an entrepreneur, educator,

storyteller or simply someone with a passion to share this guide will help you go from idea to published podcast in days instead of months Your audience is already out there scrolling through Apple Podcasts or Spotify looking for someone like you This book will help you make sure they find you *The Podcaster's Audio Guide* Jay Cockburn,2022-01-31 The Podcaster's Audio Guide is a concise introduction to simple sound engineering techniques for podcasters This digestible guide explains the basics of audio engineering from equipment to recording editing mixing and publishing Suitable for beginners from all backgrounds including students and hobbyists as well as professional content producers looking to experiment with podcasts The Podcaster's Audio Guide is the perfect resource with cheat sheets starting set ups and a comprehensive jargon buster
