and fan donations Shorts view numbers grow fast so many creators reach these numbers much quicker than long form channels However ad money from Shorts is exceptionally low about 0.03 to 0.10 per 1 000 views This means ads alone usually won't bring in 3K 15K a month The secret is simple Smart creators don't see Shorts as the final product They use Shorts as marketing tools A single 60 second clip can guide viewers toward products services digital items affiliate links sponsorships or other money making offers The video gets attention the income comes from what you promote Short form creators can earn money in more than 15 ways including ads affiliate marketing digital downloads online services coaching merchandise brand deals courses and more You don't need all of them start with one or two and add more as your audience grows Many creators around the world including faceless channels and AI powered channels are already making 3 000 15 000 every month Shorts are one of the fastest ways to build an online audience today With the right strategy this can become a powerful side hustle or even a full time career This book will guide you step by step choosing your niche using AI earning money in many ways and building a long term YouTube business Your first 60 second clip could change your life

Paradigm Lost Vicki J. Sapp, 2024-10-01 Technology has taken over higher education and we not only allow but also encourage this From Google to ChatGPT technology threatens to sweep students into dependency and undermine their critical thinking and communication skills not to mention their autonomy and story Prof Sapp helps educators students parents and the broader public to see the dangers and recognize possible remedies in the effort to keep education human centered and the guardian of individual and cultural literacy and freedom In her work Prof Sapp chronicles and critiques the efforts of educators and students to cross the Digital Divide from print to digital paradigms She especially reaches out to the mentors the gatekeepers of education to ask hard questions and find positive pathways even as we hand over our classrooms to technology The author draws heavily from her own experience crossing the divide she brings in scholarship literature review literary analysis her students perspectives and even fiction to cover the layers and argument angles of this major paradigm shift Prof Sapp acknowledges the importance of new digital literacies and provides practical suggestions and constructive techniques describing classroom exercises she has found to work well engaging students and navigating the challenges as devices invade the classroom and the medium indeed becomes the message
