technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Social Media Marketing & Personal Branding** Joshua Reach, 2019-05-15 Social Media Marketing Personal Branding 2 in 1 Bundle Marketing Through Instagram Facebook YouTube Twitter Pinterest and LinkedIn Branding Through Blogging SEO Instagram Facebook Advertising Email Marketing and Affiliate Marketing Are you ready to take your Social Media Accounts to the next level for your Business or Personal Brand Are you dying to get your brand out there but have no idea how If so keep reading Networking online is key when it comes to building an online business And what's a better place to market and advertise when people are spending over 2 hours PLUS on Social Media And Building a Brand is one of the most powerful businesses you can build because NO ONE can take it from you Essentially it's yours and as long as you build it the right way and create trust like I teach you will influence your audience Forever Your business brand product or service has the ability to reach millions just by following the simple steps in this book Here Is What You'll learn About 3 reasons why you MUST go worldwide 1 2019 secret strategy that NO ONE knows about 11 ways to create a product or business launch How to do your
