systematic agreement to dismantle our country's social safety net and persuade citizens to accept precarity while women bear the brunt. She leads us to see women's labor as the reason we've gone so long without the support systems that our peer nations take for granted and how women's work maintains the illusion that we don't need a net. Weaving eye-opening original research with revelatory sociological narrative *Holding It Together* is a bold call to demand the institutional change that each of us deserves and a warning about the perils of living without it. *U.S. News & World Report*, 2008 **U.S. News and World Report**, 2007 *Union Agriculturist and Western Prairie Farmer*, 2005 **Treating the Traumatized Child** Scott Sells, Ellen Souder, 2017-12-15 This book builds upon my early work and the work of others by offering a comprehensive guide to practitioners interested in facing and helping to heal trauma and manage the drama systemically with a special focus on children and adolescents. The FST Model is a contribution to the fields of trauma, family sciences, and human development practice. Charles R. Figley, PhD, Kurzweg Chair in Disaster Mental Health at Tulane University in New Orleans. This is the first book that addresses trauma treatment for child and adolescents using a Family Systems Trauma (FST) model which goes beyond individual therapy to include the child and their entire family. Co-written by a renowned family therapist who created the Parenting with Love and Limits model, it delivers a research-based step-by-step approach that incorporates the child's immediate family along with their extended family to treat the traumatized child or adolescent. Using a stress chart, the child or adolescent's trauma symptoms are quickly identified. This strategy guides therapists in accurately diagnosing root causes of the child's trauma and culminates in the creation of co-created wound playbooks to heal trauma in both the child as well as other family members. Additional helpful features include extensive case examples, a menu of trauma techniques, wound playbook examples, evaluation forms, client handouts, and other practical tools to provide the therapist with a complete guide to implementing this approach. Child and family therapists, social workers, mental health counselors, and psychologists working in a variety of settings will find this book a valuable resource. Key Features: Provides a step-by-step practice-focused, time-limited model. Uses a family systems approach for addressing child and adolescent trauma. The only book of its kind. Includes useful tools such as checklists, client handouts, and evaluation forms. *The Farmers' Advocate and Home Magazine*, 1927 *Women, Work, and Families* Angela Hattery, 2001-01-05 Hattery's book is an important contribution to this literature. The book is engaging and is well written. I would recommend this book and encourage Hattery to continue examination of this construct. *Psychology of Women Quarterly* Women Work and Family Balancing and Weaving is a fascinating examination of the extraordinary juggling skills of working mothers who balance their obligations to both work and family. Angela Hattery goes beyond a mere description of women's conflicts of interest and seeks to understand the decision-making process through which they accomplish this balancing. Through intensive interviews with 30 married women, all with children under 2 years of age, Hattery uncovers a remarkable range of ways in which these women weave together the complex strands of their lives. The data in the volume are examined from a number of theoretical standpoints, including

structural theory motherhood theory and feminist theory A key variable that runs through the data is economic need which has an obvious effect on work patterns Women Work and Family will make a major contribution to family studies and will illuminate the difficult choices that women make within the family work context The Ladies' Home Journal ,1907
