The authors have created a resource that leaders across every industry at all levels of leadership will find useful. This book helps established and emerging leaders understand the generations in their workforce and how to bridge the new generation gaps in their organizations. Each chapter contains reflective questions to help the readers apply the book's concepts to their work environment, a section titled "Voices from the Generations" which shares insightful views from one of the many successful leaders interviewed for the project, a "Real World Connection" segment which is a scenario in which the readers see how a hypothetical problem might be solved by using a multi-gen leadership lens, and finally, an activity worksheet that points readers toward the next steps they can take to strengthen their multi-gen leadership skills and the culture.

The power of impact Anouk van Oordt, Coline Lescot, 2025-09-18 Organisations today face deep uncertainty and growing pressure to transform from within and from the world around them. Signs of disconnection are everywhere between people and purpose, brand and behaviour, profit and planet. The Power of impact is intended for leaders who recognise that tension and want to act. Leaders who care about doing the right thing, making meaningful impact, and bringing coherence to what their organisation thinks, does, and values. This book presents two key frameworks: the Transformational Spiral, guiding a participative journey, and the Coherence Compass, which uncovers misalignments between purpose, behaviour, culture, and space.
