norms around the world Yet there is a solution to our toxic relationship with technology and privacy fighting for intimate privacy as a civil right Collectively Citron argues citizens lawmakers and corporations have the power to create a new reality where privacy is valued and people are protected as they embrace what technology offers Introducing readers to the trailblazing work of advocates today Citron urges readers to join the fight Your intimate life shouldn't be traded for profit or wielded against you for power it belongs to you With Citron as our guide we can take back control of our data and build a better future for the next ever more digital generation
