**Timesaving AI Tools for Teachers** Guillermo Antón-Pardo, 2023-09-28 ARTIFICIAL INTELLIGENCE is already here and is set to revolutionize education and society Start learning to use AI tools that will help you save time in your teaching tasks while you join the forefront of the changes brought by this technology and in the process improve the way you teach The first goal of this guide like most of my books is to showcase AI tools and applications that allow teachers to complete tasks in less time Therefore it does not seek to innovate education through the use of AI nor explain how to use it in class with students However many of the tools mentioned can be adapted for classroom use with students and undoubtedly the time saved by using AI will bring us greater personal well being which will positively influence our teaching The second goal of this book is to serve as a guide that organizes the

immense amount of AI tools that have emerged in a short time and guide the reader in their exploration. It does not mean to be an in-depth tutorial on any of the tools which would be unmanageable. Instead, it aims to provide an overview on their uses and applications. The book explores and evaluates many of the AI tools applicable to teaching work grouped into 25 categories including
