[Mailed It!](#) Dayana Kibilds, Ashley Budd, 2024-08-20

Award-winning speakers and faculty Ashley Budd and Dayana Kibilds reveal the secrets to email marketing success. Email is far from dead. With billions of emails sent to and from individuals around the world each day, there is more email now than ever before. Authors Ashley Budd and Dayana Kibilds long for the early "You've got mail" days of email when writing and receiving messages was a joy. Today, readers describe their inbox experience as an overwhelming time suck. *Mailed It* acknowledges that most emails are hard to read, hard to understand, and hard to care about. Readers spend mere seconds glancing at each email before they decide to engage, delete, or worse. The good news is that humans are predictable, and you can use tested email strategies and writing techniques to overcome modern inbox woes. *Mailed It* changes everything by showing how to craft and send the most

effective emails possible assisting email marketers in improving results demonstrating how to use emails to build trusting relationships Mailed It isn't about gimmicks It's about investing in email as a serious part of your marketing mix and setting up a solid foundation that works Once you've done that you won't believe the results Everyday Automation Sarah Pink, Martin Berg, Deborah Lupton, Minna Ruckenstein, 2022-05-09 This Open Access book brings the experiences of automation as part of quotidian life into focus It asks how where and when automated technologies and systems are emerging in everyday life across different global regions What are their likely impacts in the present and future How do engineers policy makers industry stakeholders and designers envisage artificial intelligence AI and automated decision making ADM as solutions to individual and societal problems How do these future visions compare with the everyday realities power relations and social inequalities in which AI and ADM are experienced What do people know about automation and what are their experiences of engaging with actually existing AI and ADM technologies An international team of leading scholars bring together research developed across anthropology sociology media and communication studies and ethnology which shows how by rehumanising automation we can gain deeper understandings of its societal impacts The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
