Josh Cooper,2017-06-05 We must understand is the primary purpose of logos firstly to understand what a logo is The aim of
the design process is to make the logo immediately recognizable The logo is one aspect of the commercial brand of any
company or even economic entity From the font to the color the aesthetic components of a logo hugely impact how customers
perceive your company Is it attractive enough or does it repel them Is it standing out or simply fading into the background
Does it successfully identify your brand or confusing enough to mix up with your competitors During the research and design
phase these are all quality critical questions to ask Only a smattering of the main ingredients far from the only ones is needed
to create a successful logo Too many websites today are still inaccessible In our new book we have explored crafting the
process for flexible design patterns and how to make accessible interfaces without extra effort Check out this book for a
complete list of specific and prosecutable tips and ideas to help you design the best possible logo for your brand In this book
we have covered step by step process that will guide you in making of a successful logo for your work purpose Getting an
exclusive logo design will ensure the visual identity of your company Your logo design must be such that your brand stands
out
