Comments and is thus unavoidable for all actors involved The phenomenon of radicalization is best understood as a consequence of accelerated feedback between audiences and creators radicalizing each other I use fifteen years of supply and demand data from YouTube to demonstrate how different types of producers respond more or less to this feedback which in turn structures the ideological distribution of content consumed on the platform This title is also available as Open Access on Cambridge Core

he lives it experiences it from every angle and understands its emotional resonance before it even exists in the real world His motivation crystallized during what he describes as mindset teleportation experiences deep visualization sessions where his consciousness transcends normal human limitations and he can mentally inhabit the perspectives of content creators audiences and even the algorithms themselves During one such profound session Srinidhi witnessed with crystal clarity the psychological triggers that guarantee engagement the underground growth hacking techniques that platforms try to suppress and the precise 48 hour formula that transforms unknown creators into viral sensations He realized that this knowledge these secrets that took him over thirteen years and analysis of more than eighty thousand AI tools to discover could not remain locked in his mind The world needed this blueprint and content creators everywhere deserved access to strategies that only digital marketing legends typically possess The author's promise embedded in this eBook stems from Srinidhi's extraordinary track record of turning brands into
