Brand Aid Larry G. Linne, Patrick Sitkins, 2015-01-06 Now in paperback. Hands-on strategies for creating and protecting your personal brand: yes, you have one. Think branding is just for large corporations, marketing directors, and cows. Think again. Each one of us has a brand, a personal brand, how others see us, which is shaped by what we do, say, write, and otherwise present ourselves to others. We can't fully control how others see us, smart, capable, compassionate, creative, fair. But many of us don't even try. That is, we don't take a moment to think about how we WANT to be perceived and then take a few simple steps to bolster that impression with purposeful action. BRAND AID isn't a book about manipulating others, putting on airs, or saying things you don't really mean. It IS about using our words and actions mindfully, whether they take place in a conference room, PTA meeting, dinner party, Facebook comment thread, or anywhere else. Using clear examples from businesses, families, and more, this straightforward guide presents essential advice for anyone who wants to succeed in today's competitive and interconnected world.

Cutting Edge Richard J. Semiatin, 2020-04-10 Campaigns on the Cutting Edge evaluates the current trends of today's campaigns and assesses the innovative changes these well-tuned organizations are making on the presidential congressional and gubernatorial levels. As technology now allows candidates to announce their candidacies online, raise money through web fundraising and mobilize supporters via smartphones, these increasingly mobile and integrated campaigns face the growing influence of outside interests. The thoroughly updated Fourth Edition looks at the 2018 midterm election and focuses on the rise of fake news, women's activism in the MeToo movement, voter ballot access measures and the ways in which technology increases the volume of information that campaigns use. **New Statesman**, 1999 Computing Today Timothy J.
