Routledge Handbook of the Influence Industry Emma L. Briant,Vian Bakir,2024-10-15 This Handbook provides the first comprehensive examination of the influence industry and how it operates worldwide across different domains The rapid evolution of emerging technologies and data driven persuasive practices has been linked to the spread of misleading content in domestic and foreign influence campaigns This has prompted worldwide public and policy discussions about disinformation and how to curb its spread However less attention has been paid to the increasingly data driven commercial industry taking advantage of the opportunities these new technologies afford The handbook uses the term influence here to include not only messaging and public relations PR which fell within the traditional focus of propaganda studies but to consider the infrastructure and actors behind an advanced array of capabilities that can be used in a coordinated way to affect an audience s emotions ideas and behaviors in order to advance a state or non state actor s objectives increasingly based on data driven profiling The volume fills a gap in scholarship exploring the recent technical political and economic development of this industry surveying the extent of different technologies and services offered to clients worldwide across multiple domains commercial political national security and government The chapters are divided into three thematic sections and evaluate Influence Industry practices aims and effectiveness across audiences business practices and economics and democratic structures and human rights They also offer advice for researchers and consider key ethical issues and new regulatory approaches This volume will be of much interest to students of political science propaganda studies sociology communication studies and journalism *Open Talent* John Winsor,Jin H. Paik,2024-01-16 In the new world of hybrid work and AI one thing is clear the war for talent is over and talent won With sparsely populated offices and people working from wherever they are and with AI emerging everywhere in business and dominating headlines our work lives have undergone a remarkable transformation seemingly overnight But the reality is that for years the ever growing digital wave has been

breaking down organizational boundaries and increasing the adoption of open innovation including the use of crowdsourcing platforms as a talent solution Now the imperative is clear adapt to and leverage this new digitally enabled world of open talent or get left behind In this eye opening essential guidebook John Winsor and Jin Paik with their work at the Laboratory for Innovation Science at Harvard show how the massive reset of the pandemic allowed talented workers everywhere to exit their jobs without leaving the workforce Now many are freelancing for multiple companies or are starting small businesses challenging hiring managers as never before amidst a transformed workforce What s more talent has more power than ever using platforms such as Freelancer com Fiverr and Upwork setting their own terms for work what where when and at what price How can companies adapt The key the authors argue is shifting to a more distributed idea and structure of collaborative work The authors call this a networked organization where talent is culled from both inside and outside the organization and viewed through a single lens as a global ecosystem that can be tapped as needed With rich stories keen insights and an abundance of practical advice Winsor and Paik provide a new framework and operating model for transforming your organization into a talent orchestrating problem solving machine **Transforming Business Management with AI, BI, and Data-Driven Decision-Making** Swati Gupta,Sanjay Taneja,J.
