

## Entre rêve et réalité

Le monde est leur terrain de jeux, ou plutôt leur bureau. **Ce sont les digital nomads.** Ces travailleurs du numérique ont fait le choix de concilier voyage et travail grâce à **un mode de vie itinérant.** Qui sont-ils et quelles sont les clés pour se lancer avec succès ?

## Envies d'ailleurs et compétences dans le numérique

**40%** des moins de 35 ans songent à s'expatrier sous deux ans.

En parallèle, les professionnels du numérique n'ont jamais été aussi nombreux : ils sont 800 000 en France. Le nomadisme digital a de beaux jours devant lui !

### Un mode de vie attractif mais pas sans risques

## Le portrait robot du digital nomad

La communauté des digital nomads est composée d'autant d'hommes que de femmes. Ils sont majoritairement trentenaires, et sans enfants pour 74 % d'entre eux.

Contrairement aux idées reçues, ils ne bougent pas  
permanente. Ce : la plupart des digitaux non dé-  
restent **entre 3 et 9 mois au même endroit** avant  
de s'envoler vers de nouveaux horizons.

## Les pays qui ouvrent leurs portes aux digital nomads

De plus en plus de pays dans le monde mettent en place des stratégies pour attirer les digital nomads, comme des visas spécifiques adaptés à leur profil de travailleur à distance.

Argentine, Islande ou encore Bahamas, on recense aujourd'hui un peu plus de 30 pays qui proposent un régime spécifique pour ces travailleurs de passage...

## Quelques idées de voyage...

## Un large panel de métiers pour le travail nomade

### Des métiers les plus classiques...

-  **Développeur**
-  **Community manager**
-  **Graphiste**
-  **Rédacteur web**

...aux métiers plus atypiques.

- ☒ 2. Photographe
- ☒ 4. Influenceur
- ☒ 23. Agent de voyage
- ☒ 32. Coach en ligne

## La checklist pour se lancer en freelance

*« Les travailleurs du numérique sont à la fois toujours ailleurs et partout chez eux »*

Maxime Brousse, journaliste et auteur

**How To Be A Digital Nomad** Ida Tash,2021-04-26 How To Be A Digital Nomad Learn How You Can Start Work Online  
While Travel The World Hey Fellow Reader I m Ida a Digital Nomad and online marketer I love travel And I ve been a Digital  
Nomad Experiencing Outdoor travel as well Meanwhile I love travel I love to keep myself girly as much as possible on a  
budget while traveling I have learned a lot since the past few years and I ll share all the things I ve learned into this  
manuscript Here is a part you ll find inside this book What is a Digital nomad A digital nomad lifestyle is becoming more of  
the trend and this article will tell you what a digital nomad is and the realities of a Location Independent Business What is a  
digital nomad and why are there so many people who want to work this way A digital nomad is essentially a person who  
works for himself Many work at home mothers do this and are known as Full Time Gigs Others work as freelancers and do  
things a specific way like transcribing editing proofreading or programming However some digital nomads work for service  
companies and do things like web design web programming accounting creative writing or translation Those who work a  
digital nomad lifestyle do not work for a company or boss but instead work for themselves They set their own hours and  
follow their own rules It is difficult to be self employed in this society because you have to rely on the wills of others and your  
courage to set up your business However it is not impossible and there are different ways to be self employed which can  
provide you with more freedom and flexibility while still bringing in some money If you want to work at home then this is the  
technology which is enabling the change and it is allowing nomads to work from home Companies are recognising the  
potential of this new method of working and the first areas to embrace the new way of working are the legal ones However it  
is not just the legal firms and public sector which are looking to employment technology in order to cut costs Almost every  
type of industry is looking at using technology in order to lower costs and in this way increase profits For example  
restaurants are using recruitment technology in order to lower salaries and costs Until a few years ago when every  
restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their  
employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the  
inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean  
that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less  
time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click  
and Get Your Copy Now **Digital Nomads** Rachael Woldoff,Robert C. Litchfield,2021 Digital nomads are knowledge

workers who actively seek a lifestyle of freedom using technology to perform their work remotely travelling far and wide and moving as often as they like They have left their local coffee shops behind and now proudly post their office of the day photos from exotic locales but what do their lives really look like This book takes readers into an expatriate digital nomad community in Bali Indonesia and presents new manifestations of classic questions about community creativity and the role of place in the modern human ecosystem It explains why digital nomads leave their creative class cities behind arguing that creative class workers though successful often feel that their world class cities and desirable jobs are anything but paradise This book follows nomads work transitions into freelancing entrepreneurship and remote jobs Then it explains how digital nomads create a fluid but intimate place based community abroad in the company of like minded others It shows why and how individuals blend in person and online activity in their pursuit of community and freedom This book provides insights into individuals efforts to live lives and create work identities that balance freedom community and creative fulfilment in the digital age and it provides insights into a larger cultural discourse about the future of cities work and community

## Adopting the Track of Term: An Psychological Symphony within **Expert Creator Economy Trends For Beginners For Digital Nomads**

In a world consumed by displays and the ceaseless chatter of quick communication, the melodic elegance and mental symphony created by the published word frequently diminish in to the background, eclipsed by the persistent sound and distractions that permeate our lives. But, located within the pages of **Expert Creator Economy Trends For Beginners For Digital Nomads** an enchanting fictional prize brimming with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that charming masterpiece conducts viewers on an emotional trip, skillfully unraveling the hidden melodies and profound impact resonating within each carefully crafted phrase. Within the depths of the touching review, we shall investigate the book is key harmonies, analyze their enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
