Digital Nomads Rachael A. Woldoff, Rachael Woldoff, Robert C. Litchfield, 2021 In *Digital Nomads* Rachael Woldoff and Robert Litchfield take readers into an expatriate digital nomad community in Bali Indonesia to better understand this growing demographic of younger workers From dozens of interviews and several stints living in a digital nomad hub Woldoff and Litchfield detail the factors that drove this set of workers to flee their conventional lives in search of meaningful work community and opportunities for personal development on their own terms *Bullsh*t Comparisons* Andrew Brooks, 2024-03-28 Life is complicated comparisons are easy We consume enormous quantities of information every day from sources that are reliable and those less trustworthy including journalists politicians friends and social media One of the most commons tools we use to communicate is comparison Are we suffering a hurricane of migrants Do dogs look like their owners Is Oxford better than Harvard Metaphors models and metrics are used to compare anything from schools to wars to iconic people But how helpful are they What truths do they hide and what bullsh t do comparisons propagate Looking across a fascinating range of situations both familiar and unfamiliar serious and light hearted Bullsh t Comparisons is a ground breaking guide to the role of could be true but misleading comparisons It is illuminated by examples spanning the globe from university league tables to childhood rivalries politicians tawdry analogies the FIFA World Footballer of the year award and Chinese neo colonialism in Africa Ideal for anyone interested in critical thinking or who simply wants to be able to spot bullsh t at twenty paces this thought provoking intelligent and often amusing book will challenge you to think critically about the use of comparison CQ ,1993 *Index de Périodiques Canadiens* ,2000 Jazz Journal International ,1993
