**Blogging for Money for Beginners** Mey Irtz, 2021-05-06 Making a living as a blogger has to be one of the sweetest gigs out there. As a blogger, you'll be able to earn passive income, which means that your money will flow in even as you're sleeping, travelling, or relaxing with friends. You're no longer trading time for income, and this is the point you need to get to if you want to really be free and financially independent. Even being self-employed with clients is still pretty much like having a job. What's more, blogging means you get to earn that money by writing on a topic that you find fascinating, and you even get to become something of a minor celebrity in your chosen niche. You can earn a lot of money here, too; if a blog takes off and becomes really successful, then in theory, you can earn thousands a day. It's incredibly scalable, and there's no upper limit for what you can achieve.

Out of the Loop, Into the Algorithm Wanjiku Kamau, 2025-11-11 When Wanjiku Kamau was laid off from Google, she did what most of us would do: she opened her laptop and typed "What is ChatGPT?" That search turned into "Out of the Loop Into the Algorithm: How I Finally Made Friends with AI," a deeply human story about creativity, burnout, and learning to work with technology instead of against it. From the Sacramento airport with her dog Champ to the crowded streets of New York, Kamau traces her journey from tech insider to accidental AI storyteller. Blending memoir and modern work-life reflection, she reveals how artificial intelligence became the unexpected catalyst for personal reinvention. This is not a manual about prompts or productivity; it is a guide for anyone who has ever felt left behind by the pace of change and a reminder that the best breakthroughs often begin with curiosity. Perfect for readers who enjoy memoirs of resilience, women in tech stories, creative entrepreneurship, and thought-provoking takes on how AI is reshaping our daily lives.
