**How to Make Money with ChatGPT and AI** Leviatan,2025-10-18 What if you could turn ChatGPT into a quiet income machine that makes your first 500 2 000 per month without coding skills a team or big startup capital How to Make Money with ChatGPT and AI shows you step by step how to build real income streams with

artificial intelligence even if you're starting from zero. We've entered a world where money is no longer paper; it's information. Those who know how to turn information into digital products, services, and systems will own the next decade. This book is a clear, practical blueprint for freelancers, creators, and entrepreneurs who want to use AI not as a toy but as a partner in a profitable online business. Author Leviatan shows that the real power of AI isn't in complex algorithms but in how you think and what you ask. You'll learn how to combine ChatGPT with tools like Notion, Canva, and Stripe to build simple digital ecosystems that attract clients, deliver value, and generate income 24/7. After reading this book, you'll know how to build an AI-powered microbusiness that runs like a small company without employees or constant stress. Use the 72-Hour System to turn an idea into a digital product, e-book, mini-course, template pack, or service offer in three days or less. Turn ChatGPT into your AI Copywriter, AI Designer, and AI Analyst so you never start from a blank page again. Create sales pages, email sequences, social posts, and content outlines in minutes instead of hours. Connect ChatGPT with Notion, Canva, and Stripe to build simple funnels that deliver and sell automatically. Automate repetitive tasks and free your mind for higher-level strategy and creativity. Write prompts that work like profit commands: clear, intentional, and designed to generate results, not noise. This is more than a business manual; it's a roadmap for a new kind of creator: someone who merges technology with awareness, efficiency with meaning, and income with purpose. In a time when AI can generate almost anything, the only things that can't be copied are your clarity, your energy, and your vision. Each chapter takes you one step further from *The New Map of Wealth* and *The Billionaires Code* through *The Art of Invisible Work* and *The Leviatan Method* to a final question: What future are you willing to design for yourself? Along the way, you'll find concrete examples, ready-to-use prompts, and simple actions you can implement the same day. Whether you're a freelancer, entrepreneur, artist, coach, or complete beginner, this book gives you the tools to earn more, work less, and stay ahead of the curve in the age of AI. You don't need to be a programmer; you just need the willingness to learn and apply. In the era of artificial intelligence, success doesn't go to those who work the hardest but to those who think the smartest. This book is your guide to thinking and earning on that level.
