EXCERPT FROM THE BOOK I smile inside when I mention to an extrovert that I'm an introvert Before I finish the sentence the extrovert's face lights up and he or she begins what seems like a five minute one sided fun based fact bending rendition of how there is no way I'm an introvert I listen and attempt to offer a few bytes of data to the conversation which brings merriment and another round of reasoning I hear as enthusiastic and watch as hand gestures Over the years I've explained that introvert does not

equate to shy and that I m simply better in one on one or small group relationships I wonder if this friend or coworker ever noticed that I am the one cooking or doing dishes at a friends and family gathering taking notes in a meeting or organizing requirements on development projects My husband an extrovert seems to understand although reluctantly because I talk a blue streak with him When he asks what I m thinking if I say nothing he smiles and says not possible Buy a copy to keep reading

Speak Up! Patrick King,2015-04-07 Do you feel like there is something wrong with you just because you prefer to leave parties early Do you feel incredibly misunderstood if you prefer to stay in on a Saturday night occasionally or to spend time with yourself And networking events aren t they a nightmare I ve been there and it s frustrating trying to live up to

something or someone that you just aren't. Instead of recognizing the strengths and weaknesses of an introvert you just continually try and fail to fit in with who you think people want. All you want to do is just take some time for yourself, dammit! Stop asking me if I'm tired or okay. *Speak Up* reflects the research and techniques I've implemented in my own introverted life to extend my social battery, command social situations, and generally fool everyone into thinking that I'm a major extrovert. Social confidence, winning friends, and conquering social anxiety is largely a function of recognizing that introverts have unique strengths, and at our best we can do everything an extrovert can do and more. What will you learn inside this book? How to increase your social battery so you never have to leave a gathering early again. What you can do that an extrovert could never dream of. How to have great conversations when you are socially exhausted. Making sure that just because your battery is empty you're not unapproachable or standoffish. What else? How social goals can make you feel socially confident and smash anxiety in one step. The inevitable social dynamics when an introvert is around. Dating, flirting, and deeper for introverts. The wallflower arrives and just hopes not to be noticed. They are forgettable, non-memorable, and don't make an impression. Learn to smash all those and more in this book. You'll be able to make an instant impression and burn brighter and longer at any social situation. Never will you leave an event early or be a downer by calling it quits. You'll be able to hang with the best of the extroverts all while remaining yourself and giving your personality the chance to shine with improved social graces and presence. Most importantly, you give yourself the opportunity to make meaningful connections that you wouldn't otherwise.
