Your audience is already out there scrolling through Apple Podcasts or Spotify looking for someone like you. In this guide I'll show you how to start, grow, and monetize your podcast. When I started my podcast I was 24 years old, completely clueless about audio editing, and a painfully introverted public speaker. I was very, very meek. I had no idea what I was doing, and it showed. But I kept at it. I kept trying. I kept growing. Most importantly, I kept learning. Oh boy, am I glad I did. Over the next few years I'd go on to amass more than 150,000 downloads, develop a fan base of loyal subscribers who binge listen to my show, and get to interview amazing entrepreneurs, authors, and award-winning podcasters. I created this guide for you because it's the book that I wish I had available to me. The techniques, strategies, and resources that you'll discover in this guide will literally supercharge your podcast. **Make Money Podcasting** Jason Scott, 2019-07-12. If you're looking for a guide that walks you through how to start a podcast, you're absolutely in the right place. Starting a podcast isn't difficult, but there are a number of steps you'll need to go through in order to get it launched, let alone grow it and make you money, and get your voice and message into the world. In simple terms, it is easier to fight for ears than it is for eyes. As podcasts continue to explode in popularity, more and more people are jumping in head first and creating new shows in an effort to leverage themselves as industry experts, build an audience, connect with more influencers, build personal brands, and boost exposure for their businesses. Need more? Podcasting is a much less crowded and competitive space than blogging, making now the perfect time to get started. There are just over 700K podcasts but over 440 million blogs. As of 2019, there are more than 23 million channels. In case you're wondering, I've helped thousands of people start a podcast in the last several years and have started a couple of shows in different industries myself and have been invited to No. 10 Downing Street twice due to my podcast, and the first person in the world to sell my show, Not Another Crypto Show, in under 8 months. Do not trust me, Google Jason Allan Scott. I was not even a podcaster to start, but an

entrepreneur and event professional A lot of people are also now successfully using podcasting as an additional revenue stream for their businesses and for themselves as individuals If you too are interested in making more money from podcasting get this book and message me and let my team and I help you get your voice and your message into the world Just a few of the things you ll learn What to podcast about Equipment you ll need How to record edit How to promote your podcast Podcast sponsorships Relationships Increase the sales of your products and services Coaching Affiliate marketing Books and audiobooks Crowdfunding Virtual summits Etc Get started today
