decided long ago he'd never be in a relationship. It was better to stay single than to fall in love only to be left alone, which he was certain would happen to him. He'd seen Alzheimer's ravage his family members all his life, leaving their loved ones to deal with the fallout. Some of them stayed, but some didn't. Graham isn't going to risk it. When he hires nurse Sam Morgan to take care of his dad during the day, his pledge to stay single is put to the test. He soon finds it difficult to maintain a professional distance. Graham's guarded his heart for so long, but his resolve is crumbling. Will he be able to conquer his fear to give himself a chance at love? Can he trust Sam to stick around for better or worse? Everything He Wants Graham's best friend Marc Byrne has been in a self-imposed dry spell for the past six months, reevaluating his life. Tired of the bar scene, he wants something true and lasting like Graham found with Sam. He wants to find Mr. Right. When Marc meets the gorgeous motorcycle-riding tattooed man of his dreams at a lake party, he falls hard and fast. Reminding himself that was how he was hurt before, he puts the man out of his mind. Easier said than done. Aiden Wright is blown away by Marc and wants to get to know him better, but he keeps running, and Aiden can't figure out why. The attraction between them is intense, and Aiden is sure he can give Marc what he wants if he'll just take a chance.

Using Literature to Help Troubled Teenagers Cope with Identity Issues Jeffrey S. Kaplan, 1999-11-30 The search for one's identity is an ancient quest reflected throughout history in stories where human glory and conquest are often layered with great pain and self-doubt meant to help people discover themselves and who they are. Today this quest is found prevalently in young adult novels where characters wrestle with modern dilemmas in order to find themselves. This reference resource provides a link for teachers, media specialists, parents, and other adults to those novels and how to use them effectively. Educators and therapists explore the literature where common identity issues are addressed in ways intriguing to teens. Using fictional characters, these experts provide guidance on how to encourage adolescents to cope while improving their reading and writing skills. Twelve novels are examined from both a literary and psychological perspective, allowing the readers to meet the central figures as if they were living human beings. Each chapter is written by a literature specialist who has teamed up with a therapist and confronts a different identity issue, examining such dilemmas as body image, the father

son relationship bigotry and peer relations This pair of experts tries to define the central character's struggle in each novel to discover who they are and to become self-actualized individuals Each chapter also provides an annotated bibliography of other works both fiction and nonfiction that explore these same issues to give readers not only the insight into helping teenagers with similar problems but also the tools with which to get teenagers reading and addressing these problems This innovative approach is meant to provide the opportunity for adults and adolescents to better understand each other
