## **How To Choose Personal Brand On LinkedIn For High School Students:**

*Online Personal Brand* Ryan M. Frischmann, 2014-07-19 Online personal branding is a requirement for all professionals. The common argument of the experts is you have a digital footprint in social media and on the internet so people are already making impressions of you. Take control of their perceptions. More importantly you have an opportunity to proactively project your personal brand onto networks. Two other advantages of personal branding are that it forces you to be visionary of your career goals and helps you land favorable employment. This book shares a functional angle to personal branding that is refreshingly simpler than the traditional marketing angle. The definition of an online personal brand is the combination of a skill set, an aura, and an identity, and there is discussion where the concepts overlap. **Kutlwano**, 2013. *Ditch the Act: Reveal the Surprising Power of the Real You for Greater Success*. Leonard Kim, Ryan Foland, 2019-10-25. Be human. It's the only way to get ahead in business today. Competition today is fiercer than ever. It seems that every job candidate is flashing a world-class resume, and every business competitor is the absolute best at what they do. Don't be fooled. People exaggerate. And don't be discouraged. By revealing stories of failures, setbacks, and personal flaws without shame or fear, you exhibit greater self-confidence than your competition. You cultivate connections with serious smart people, and you build loyalty that lasts. *Ditch the Act* shows how to present your humanness: imperfect and flawed, but honest, resilient, and willing to learn in strategic ways to achieve clear, defined goals. It provides an actionable program for building an authentic, long-lasting personal brand, explaining why exposure is important and how it cultivates more durable connections than any polished persona can. By creating a personal brand that's honest and authentic and that reveals personal struggles, you'll build stronger, longer-lasting relationships and achieve greater success. Careers and businesses based on authenticity and truth aren't just more rewarding than those founded on hyperbole and the hard sell. Because they're founded on durable, robust relationships, they're rock-solid and better withstand business uncertainty and tough times. *Ditch the Act*: Be real and jump ahead of the competition before they even know you are there.
