Branding is not about being

famous Arruda explains it's about being selectively famous. It's about more than social media excess. When you understand the true value of personal branding, you can use it as a serious career development strategy. Digital You offers a deep dive to understanding and defining your unique promise of value, making a great first impression, mastering multimedia, and ultimately expanding your network and promoting thought leadership. You'll learn how to develop, design, and sustain a personal brand throughout the fluid movements of any career. Understand how to be clear about your digital brand and your unique promise of value so you can increase your success and happiness at work and in life. It's time to stop worrying about career extinction and start crafting a brand of distinction.

Online Personal Brand Ryan M. Frischmann, 2014-07-19

Online personal branding is a requirement for all professionals. The common argument of the experts is you have a digital footprint in social media and on the internet, so people are already making impressions of you. Take control of their perceptions. More importantly, you have an opportunity to proactively project your personal brand onto networks. Two other advantages of personal branding are that it forces you to be visionary of your career goals and helps you land favorable employment. This book shares a functional angle to personal branding that is refreshingly simpler than the traditional marketing angle. The definition of an online personal brand is the combination of a skill set, an aura, and an identity, and there is discussion where the concepts overlap.
