Remote Working Alan Felstead,2022-01-20 The coronavirus pandemic forced work back into the home on a massive scale The long held belief that work and home are separate spheres of economic life was turned on its head overnight Many employees were new to this way of working and many employers had to manage a disparate workforce for the first time This book reviews what impact this shift had on the lives of millions of employees the organisations which employ them and the societies in which they live It also looks to a future in which more work is carried out remotely at home in the local caf restaurant or bar or while moving from place to place The book synthesises the existing evidence in an accessible and easy to read way It will appeal to all those who want a quick and concise introduction to the major themes associated with remote and hybrid working This will include teachers lecturers students academics and policy makers as well as those who have experienced the challenges and benefits of homeworking first hand

Will Working from Home Stick in Developing Economies? Mrs. Marina Conesa Martinez,Mr. Futoshi Narita,Mr. Chris Papageorgiou,2023-05-26 In developing economies a shift to working from home during the COVID 19 pandemic varies substantially An increase in teleworking days per week ranges from 0.7 to 17.6 percentage points across 10 developing countries covered by an online survey to about 500 respondents per country An estimated income discount associated with telework disappeared temporarily at the onset of the pandemic A calibrated model indicates that workers preferences to telework may largely depend on their educational attainments Whether telework will sustain in these countries could depend on obstacles to telework particularly for workers with less education and a degree of economy wide externality
