My City Links Magazine: March 2023 MCL Author, 2023-03-01

Over the past century or so, theatre has undergone a sea change both in terms of its presentation and the manner in which it is consumed by the audience. The art form itself has evolved and transformed to be in sync with contemporary expectations. With March 27 set to be observed as World Theatre Day, our Cover Story chronicles the history and evolution of theatre in Odisha and comes up with some fascinating insights. Eco-friendly has become quite the buzzword over the past decade or so. Odisha has been doing its bit through the Eco Retreat initiative to promote sustainable tourism while showcasing the state's rich cultural heritage and impressive natural beauty. Read all about it in City Lights. We also feature One M Crew, an acrobatic dance group from the slums of Mancheswar in Bhubaneswar that recently won a national competition. Their rise and rise is an inspiring story of grit and determination. Humans have evolved, so has technology, particularly when it comes to leveraging it for communication. ChatGPT is the latest example having taken the Internet by storm. City Tech breaks down the phenomenon and explains what it is all about and what this development portends for the future. The Padma awards are India's highest civilian honour. The past few years have seen a conscious attempt to make it a People's Padma with a clear emphasis on the work done by individuals at the grass roots level. The list of 106 Padma awardees announced for 2023 includes four from Odisha. In CityZen, we salute the spirit and the accomplishments of these Padma Shri awardees. While Bhubaneswar has seen a lot of development in recent years, it has continued to grapple with one of urbanisation's toughest challenges: cleanliness and waste management. Things are, however, set to change with the Bhubaneswar Municipal Corporation deciding to take this challenge head-on. In City Beat, we take a look at how BMC is trying to make the state capital the cleanest city in India. The law and the legal institutions not only need to keep pace with the changing world, they also have to be accessible to all. This is particularly true when it comes to women, including those who find themselves on the wrong side of the digital divide in an era where information is essential for empowerment. A special feature in City Affairs digs deep into the subject of law and gender and tries to figure out the way ahead.

Reinventing Blogging with ChatGPT is a comprehensive guidebook for bloggers and authors seeking to enhance their content creation workflow through the use of AI language model ChatGPT. The book provides a clear and concise overview of the entire

process from identifying target audiences and niches to sharing posts on social media and evaluating blog performance. What sets this book apart is its focus on writing from prompts. To aid bloggers in generating fresh and creative ideas, the authors provide various sentence, multiple sentence, and conversation prompts throughout the book. These prompts are designed to complement specific chapters such as *Creating Your Blog's Mission Statement* and *Brainstorming Blog Post Topics* and can help bloggers who may be struggling to come up with ideas. In addition to prompts, the book covers other essential aspects of blogging such as search engine optimization (SEO), affiliate marketing, and social media promotion. The authors offer actionable advice and tactics on how to increase visibility and readership through strategic use of these tools. For instance, in the chapter *Inserting Strategic Links and Affiliate Links*, the writers provide best practices for incorporating affiliate links to monetize blogs without sacrificing writing integrity. The book also devotes several chapters to leveraging ChatGPT to improve the content development process. The authors provide an overview of ChatGPT and explain how to use it for generating topic ideas, refining writing, and creating attention-grabbing headlines. The prompts offered throughout the book make it easy for bloggers to produce high-quality content quickly and easily. Another key feature of the book is its focus on reader engagement. The authors offer practical advice on developing relationships with and maintaining interest from the target audience. The section *Interacting with Your Audience* details how bloggers can encourage conversation and feedback through comments and other tools. Finally, the book concludes with a chapter on performance analysis. The authors provide guidance on measuring the success of blog content using metrics such as readership and time spent on site.
