Cleopatra's Needle Two Wheels By The Water To Cairo:

Cleopatra's Needle Anne Mustoe, 2011-08-31 It was a blustery April morning on the Thames Embankment in London when Anne Mustoe set out on a phenomenal lone cycle ride to the original site of Cleopatra's Needle at Heliopolis in Egypt. Leaving behind home comforts she set herself the challenge of travelling close to water wherever possible via the Seine and the Rhone then alongside the Burgundy canal the Po and the Venetian Lagoon. Before she would reach her final waterway the evocative Nile Ms Mustoe would encounter the dusty yet beguiling Near East Turkey Syria the Lebanon and finally Egypt itself. Anne Mustoe weaves a story of exquisite detail laced with the understated humour that has become her hallmark.

Che Guevara and the Mountain of Silver Anne Mustoe, 2011-11-30 In her brand new travelogue intrepid ex headmistress and bestselling author Anne Mustoe dusts off the bicycle clips once more and embarks on a remarkable journey through South America. Following in the bike tracks of Che Guevara Anne retraces the route this iconic revolutionary figure once tread as documented in the famous Motorcycle Diaries. A second route takes her to Potosi the highest city in the world as she travels to the Mountain of Silver. Beautifully written and wonderfully evocative *Che Guevara and the Mountain of Silver* charts an epic journey by bike and train through South America's most colourful and historically interesting areas.

The Self-Propelled Voyager Duncan R. Jamieson, 2015-09-03 Before the last quarter of the nineteenth century people who wanted to travel independently either walked or rode horses. Then a newly invented machine changed forever the nature of personal transportation. The cycle self-propelled bicycles tricycles and tandems allowed almost anyone to travel around town around their region and around the world. While dramatic developments in equipment clothing road surfaces and amenities make the physicality of cycling much different from the earlier era the experience of cycling has seen little change. *The Self-Propelled Voyager: How the Cycle Revolutionized Travel* recounts how a transportation innovation opened the world for not only those who made the journey but also for the armchair travelers who read with interest the cyclists' accounts of faraway places. Following a brief history of the development of the cycle this book describes the exploits of long distance riders who wrote of their experiences their triumphs and their tragedies. Duncan R. Jamieson chronicles their journeys their personal stories and the times in which they lived revealing that despite the continuing rise and fall of cycling interest people continue to enjoy traveling in the slow lane. Drawing on books and articles by the women and men who rode and wrote of their travels *The Self-Propelled Voyager* also features photographs from the 1880s up to the modern day illustrating the development of the cycle through history. Accessibly written yet comprehensive in its coverage this book will interest not only the cycling enthusiast but historians focusing on sport and sport tourism as well. *Travel, Tourism, and Identity* Gabriel R. Ricci, 2017-09-29 *Travel, Tourism, and Identity* addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups. Whether such contact is the result of tourism seeking exile or relocating abroad the volume's contributors demonstrate how one's identity cultural assumptions and

worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions The contributors argue that making these adjustments will surely enhance the traveller s or tourist s experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him This latest volume in the Culture Civilization series features a collection of essays on travel and tourism The essays cover a range of topics from historical travels to modern social identities They discuss ancient travels contemporary travels in Europe Africa and sustainable eco tourism and the politics of tourism Essays also address experiences of Grenada s Spice Island identity and the effects of globalization and migrations on personal identity
