*The Clinical Interview Using DSM III R* Ekkehard Othmer, Sieglinde C. Othmer, 1989-08-01      **Structured Clinical Interview for DSM-III-R** Robert L. Spitzer, 1990      *Essentials of Psychiatry* Mr. Rohit Manglik, 2024-05-24 A broad overview of adult psychiatric disorders and therapeutic interventions Useful for medical students and mental health professionals      *Orientation to Inquiry in a Reflective Professional Psychology* Lisa Tsoi Hoshmand, 1994-08-16 This book approaches professional inquiry in psychology from a perspective that integrates research and practice and prepares students for the diversity of methods employed in the field It examines a broad range of models and methods of inquiry in both research and practice and provides a framework for linking issues of knowledge to the special context of professional psychology Guided by a vision of psychology as a self critical discipline and a reflective profession Hoshmand provides a pluralistic perspective on inquiry including alternative paradigms for the professional education of clinical counseling consulting and other practicing psychologists as reflective scientist practitioners She gives special attention to the cognitive development and knowledge processes of the professional and offers suggestions for professional training and mechanisms of teaching and learning      *Assessing Child and Adolescent Disorders* Masud Houghghi, Professor Masud S Houghghi, 1992-04-07 This volume addresses the question of assessment before during and after treatment an all important ingredient in helping children and adolescents with problems It incorporates the essence of the author s influential earlier work *Assessing Problem Children* while taking full account of the significant changes both in practice and philosophy that have occurred in the interim Houghghi provides a comprehensive practice manual for those working in all relevant settings health education the criminal justice system and social services Uniquely his approach encompasses the full range of child and adolescent problems physical and educational home and family social skills anti social and psychological disorders to give a coherent holistic picture of the assessment process      **Structured Clinical Interview for DSM-III-R** Robert L. Spitzer, 1988      *Depression in Old Age* Cornelius L. E. Katona, 1994-09-20 Eliminates several misconceptions about depression in the elderly namely that it is an inevitable consequence of aging and that the hazards involved in its treatment outweigh those of the condition itself Condenses the latest research information available on depression in old age identifying some of the questions as yet unanswered and summarizing the answers already known      **Integrated Mental Health Services** William R. Breakey, 1996 This book deals with the provision of psychiatric services to populations a task which requires an integrated system of service components Generally the target population comprises the residents of a specific geographic area but it may be a special population such as homeless people or people with AIDS Community psychiatry does not deal only with the interaction between a patient and a doctor but with the system of services and interactions that is needed to treat a variety of patients and to provide long term care support and rehabilitation for patients with chronic disorders Modern community psychiatry is pragmatic rather than doctrinaire it measures its success in cost

effectiveness rather than by its faithfulness to any particular theoretical model It stresses interdisciplinary teamwork and the involvement of consumers These lessons learned by community psychiatrists working in the public sector over several decades are now being increasingly applied in the private sector as better organized managed systems of care are evolving This book describes the history of public mental health services and the underpinnings of modern community psychiatry in epidemiology mental health services research and administration It then describes the methods and strategies used to provide the range of services that constitute a comprehensive mental health program The authors discuss the public health principles that underlie community approaches and present the methods used within the several components of a comprehensive service system to address the needs of specific populations stressing interdisciplinary teamwork and coordination within an integrated service network
