in order to lower salaries and costs Until a few years ago when every restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click and Get Your Copy Now **The World is My Office** Chad Wyatt,2020-01-09 Have you ever wanted to travel the world without a care or worry As a full time and successful digital nomad I have over 10 years of experience travelling the world and working to sustain my travel habit This success has taken me across countries all over the world whilst witnessing the jaw dropping natural beauty and wonders of the world Whilst undertaking these travels I successfully built multiple businesses worked with clients all over the world completed a university degree and more importantly learned the most valuable skills to get where I am today The digital nomad trend is surging and will continue to grow in popularity over the years The freelance market is expected to grow continuously meaning that more opportunities for remote work are becoming available Now is the time to make your move into the freelance world and become a digital nomad This book will guide you through all the steps of becoming a digital nomad and prepare you with all the information you could need Every aspect of this lifestyle will be covered including popular topics such as how to find work and problems you may encounter I am also offering personal support and help with any of the topics covered in this book the details can be found in the book *The Ultimate Guide To Becoming a Digital Nomad in 2025* USMAN.
