

The background of the book cover is a photograph of a sailboat with a large, white, triangular sail. The boat is on a blue sea, and the sky is filled with white and grey clouds. The sailboat is angled towards the left, with its sail catching the wind. The overall scene is serene and evocative of a tropical sailing experience.

Clean Sweet Wind Douglas C. Pyle, 1981 Gypsy Wind Speaks Coy Theobalt, 2016-04-06 In the summer of 2005 Captain Coy Theobalt decided to make a dream come true One held in his heart for over forty years He closed up shop and moved to the United States Virgin Islands and began an adventure that eventually found its way onto these pages This true story is about one man simply attempting to live his dream Gypsy Wind Speaks Life lessons from a sailboat is a compilation of short stories and poems about his adventures and misadventures on the Caribbean Sea Everything from the insanity of trying to start a business in a foreign country to rats on his sailboat will keep you both entertained and challenged The chapter on running aground will tear your heart out The book is ultimately about all the lessons his beloved boat Gypsy Wind taught him

Each Life Lesson is one that can be applied both on and off the water of life His hope is that these lessons will inspire your heart tickle your funny bone challenge your soul and prod you to live your own dreams **A Sail of Two Idiots: 100+ Lessons and Laughs from a Non-Sailor Who Quit the Rat Race, Took the Helm, and Sailed to a New Life in the Caribbean** Renee Petrillo, 2012-03-16 It was the best of dreams it was the worst of dreams it was an age of consulting the nautical experts it was the age of landlubber foolishness it was the epoch of determination it was the epoch of despair it was the season of hurricanes it was a spring of beachcombing If you dream about chucking it all away and sailing toward an island life read this first Renee and Michael didn't have any boating experience and when their plans to remedy that fell through the two had to learn everything the hard way Despite themselves they managed to get from Miami to Grenada eventually dropping the anchor of their cruising catamaran at the island of their dreams Determined to save future sailors from themselves A Sail of Two Idiots includes lessons Renee and Michael learned and shares them with you as examples of what and what not to do This a how to guide wrapped in a funny story kind of like getting your serving of vegetables from a slice of pizza Read this and make your dream of sailing away a reality Includes What Broke sections explores the ongoing maintenance and upkeep of a cruising multihull Island section provide assessments of the islands of the Caribbean **High and Dry** Paul Sutcliffe, 2019 High and Dry is the true story of a solo sail around the Caribbean a 4000 mile journey from the BVI south through the islands to Trinidad along Venezuela to the ABCs to Jamaica and the Cayman Islands and back to the Virgin Islands via Haiti the Dominican Republic and Puerto Rico It was a four year odyssey that would see pirate attacks twice ripped sails hurricanes groundings on reef as well as amazing destinations and friendships along the way **Sailing Into Sunshine** Peter Hancock, 1997 The best way to sail into exotic ports without leaving home is by reading the latest book from sailor author Peter Hancock Sailing Into Sunshine covers his voyage on his 26 foot sloop Kylie from Antigua to Guatemala with stops in the United States Mexico and Belize featured along the way Hancock writes in his wry colorful style of the sailing experience and the fascinating mix of people he encountered during the journey **Desperate Voyage** John Caldwell, 1991-01-25 In May 1946 John Caldwell set out to sail from Panama to Sydney to reunite with his wife who he hadn't seen for more than a year Eager to reach his destination and unable to secure any other form of transport he had to resort to singlehanded seamanship After an ignominious scene in the harbor where a tangled anchor led him to take an early dip he spent ten days learning the rudiments of navigation and sailing from a book before embarking on the 9 000 mile journey aboard the 20 foot Pagan Ahead lay a mission that was to reveal in him elements not only of astounding courage and determination but also of incredible foolhardiness Within 500 miles of Panama John Caldwell had already been shipwrecked once and had his boat's engine and cockpit destroyed by an angry shark Indefatigable he decided to press on towards his goal He endured the terrors and discomforts of life on the high seas and enjoyed the triumphs of fighting and winning against the elements This is more than an exciting tale of sea adventure It is as compelling and unpredictable as a thriller It is the

story witty and moving of a man motivated initially by love and ultimately by his own fierce determination to survive

Wind of Peace Elli K. Straus, 2016-11-03 Realizing that the time is right to act on their crazy idea of pulling their two daughters out of school for a year shut down the house and embark on a sailing sabbatical Elli and her husband David pitch the idea to their daughters With just a few months planning time available what follows is a mad rush to take sailing lessons buy and equip a boat devote countless hours to researching every aspect of their trip and attempt to convince friends and relatives that they haven't completely lost their minds Temporary home found for their beloved dog Chester boat stuffed with provisions charts and safety gear their trip is almost over before it even begins when a strong summer squall causes their 42 sailboat to drag through the anchorage on their journey's first stormy night

Windshifts Jane Grossman, 2005-08-23 Have you ever dreamed of running away to a tropical island In 1996 Jane Grossman left behind a comfortable life in Chicago and set off with her husband on their 34 foot sailboat Iniki to sail South America What began as a chance to simplify their lifestyle and to see the islands gradually evolved to a sojourn of self discovery renewal and triumph over breast cancer Windshifts is a true sailing adventure that chronicles the wonder and excitement the difficulties and fears from a woman's perspective Vivid details and delightful descriptions of exotic lands cultural interactions and inevitable conflicts of a husband and wife confined to close quarters involve the reader with all of their senses More importantly it is a reflection on dealing with the unexpected challenges that confront us all throughout our lives

A Peril to Myself and Others David Kilmer, 2020-04-11 If you want to be a sailboat captain go to the islands That's the advice I got before I packed my seabag threw caution to the wind and booked a one way ticket to an unfamiliar land I left my other life behind and went all in abandoning the familiar and welcoming the strange That new life was more intriguing funnier scarier and more spectacular than I could have imagined The sea magnified everything As the bright Caribbean days unfolded I experienced beauty fear lust and longing in ways I never had before I spent those seasons with a cast of characters crazy old salts young smugglers A-list movie stars wealthy guests black sheep boat bums and beguiling islanders I wrangled boats through wind weather and breakdowns Through it all I saw the world with a blazing intensity It was genuine and unforgiving stunning powerful treacherous and quite often ridiculous Boats demanded their price for the freedom they delivered I've never had another job that was so close to the bone Boats took their bites out of me literally and figuratively I was beaten burned and otherwise humbled by the raw physical nature of the work And I loved it Along the way I learned about the right way to poop on a boat how to keep from being seasick and how to keep the boat in one piece and off the reefs But more than all that I learned a new way to be in the world My time as a Caribbean boat captain changed me profoundly and I want you to understand why This story is sometimes dark sometimes silly and ultimately hopeful It's part travelogue part philosophy part primer on the world of working in yachting for others who would follow in my footsteps It's for anyone who has ever jumped headlong into something new or fantasized of doing so This book is for dreamers and doers for those who love the thrill of foreign shores and sensations either in real

life or the imagination And for anyone who s ever taken on a challenge and succeeded Here it is the secret life of a boat captain in all its adventure wonder and sometimes misery I went to the islands to prove myself and I did I wanted to squeeze absolutely everything I could out of life to take the biggest bite imaginable and see how it all turned out I wanted to see know and feel and those islands did not disappoint me Thank you for hopping aboard It s an honor to take you along for the ride

Capt David Kilmer **Sailing Away** Alan McMahon,2020-10-22 Sailing Away is an autobiographical account of one man s 13 month adventure sailing across the Atlantic from Europe to the Caribbean and back single handed It is a story of breaking away from the shackles of the office to work remotely from the boat Breaking away temporarily from family and friends and embracing the isolation of the ocean The book is written in diary format with a day by day account of the experience of being a solo sailor The story starts in Dublin preparing the boat a 35 foot Hallberg Rassy 352 before setting sail December 2018 from the Canary Islands Alone at sea for three weeks there were many high points as well as emotional lows On arrival in the Caribbean read about the life of a liveaboard sailor sailing to nine exotic Caribbean islands and a near sinking when the boat ran into a fishing net The return trip in May 2019 to Europe was via the Azores A mid Atlantic swim nearly left the author stranded as the boat started to drift away Another time during the night he was thrown off balance and nearly overboard The Appendix section is packed with useful information and tips for anyone preparing for a major voyage The author is 47 years of age He lives in Dublin Ireland Sailing the Atlantic is his second adventure in 2003 he flew 25 000 miles around the world in the single engine light aircraft crossing the Atlantic and Pacific oceans Flying was his passion until he made a switch to sailing in 2007 A complete novice to sailing he built his experience in incremental steps starting by learning to sail on a small day sailor boat

Red Water Blue Water Salt Water Todd Scantlebury,2009-03-24 A book about sailing away as a family This is a story about being a family in the twenty first century It is written from the author s perspective that of a father a role as ill defined and wanting today as it has ever been Still fathers can help shape the course their families take so just before the second millennium the author quit his corporate job and took his family of four on a voyage For two and a half years they lived and traveled on the Caribbean Sea aboard a catamaran sailboat Their experiences on the water good and bad and the connections they made as a family are the reasons

they sailed away The connections made the author write this story They are the gifts all families can share This book might be called a memoir or armchair travel piece but it is also a how to and can do story about choosing alternative family lifestyles It is a new look at being a family in the twenty first century Excerpts Today when kids get home from school nobody is there Both parents are working Chances are they re divorced I m not saying this explains everything but it s somewhere near the heart of the problem Just how many meals was the average American family sharing these days Two One None Or as a mother later suggested to me perhaps the question should have been phrased How many meals do parents share with their children each week or worse each month When it comes to your kids it s not the quality time that counts it s the quantity time Liveaboard sailors with character will reach into themselves and find exactly what it is they need to do They will in fact gravitate toward the things they should have been doing back home all along They might end up painting They might write an honest book Heck they might even develop the unifying theory of physics or cure cancer They might even learn how to live with and enjoy their families And of course PIRATES If the fellows on the boat behind us meant us harm a skinny papa and three girls in bathing suits were not going to give them second thoughts
