*"Baad Bitches" and Sassy Supermamas* Stephane Dunn, 2010-10-01 Blaxploitation action narratives as well as politically radical films like *Sweet Sweetback's Baadasssss Song* typically portrayed black women as trifling bitches compared to the supermacho black male heroes But starting in 1973 the emergence of baad bitches and sassy supermamas reversed the trend as self-assured empowered and tough black women took the lead in the films *Cleopatra Jones* *Coffy* and *Foxy Brown* Stephane Dunn unpacks the intersecting racial sexual and gender politics underlying the representations of racialized bodies masculinities and femininities in early 1970s black action films with particular focus on the representation of black femininity Recognizing a distinct moment in the history of African American representation in popular cinema Dunn analyzes how it emerged from a radical political era influenced by the Black Power movement and feminism Dunn also engages blaxploitation's legacy in contemporary hip hop culture as suggested by the music's disturbing gender politics and the baad bitch daughters of *Foxy Brown* and *Cleopatra Jones* rappers *Foxy Brown* and *Lil Kim*      **Women of Blaxploitation** Yvonne D. Sims, 2015-03-26 With the Civil Rights movement of the sixties fresh in their perspective movie producers of the early 1970s began to make films aimed toward the underserved African American audience Over the next five years or so a number of cheaply made so-called blaxploitation movies featured African American actresses in roles which broke traditional molds Typically long on flash and violence but lacking in character depth and development this genre nonetheless did a great deal toward redefining the perception of African American actresses breaking traditional African American female stereotypes and laying the groundwork for later feminine action heroines This critical study examines the ways in which the blaxploitation heroines of the early 1970s reshaped the presentation of African American actresses on screen and to a certain degree the perception of African American females in general It discusses the social political and cultural context in which blaxploitation films emerged The work focuses on four African American actresses Pam Grier Tamara Dobson Teresa Graves and Jeanne Belle providing critical and audience response to their films as well as insight into the perspectives of the actresses themselves The eventual demise of the blaxploitation genre due to formulaic plots and lack of character development is also discussed Finally the work addresses the mainstreaming of the action heroine in general and a recent resurgence of interest in black action movies Relevant film stills and a selected filmography including cast list and plot synopsis are also included Instructors considering this book for use in a course may request an examination copy here
