Clinical Knowledge And Education For General Practice:

Clinical Knowledge and Education for General Practice Harold William Kennedy Acheson, Margaret H. Henley, 1984
Journal of the American Medical Association American Medical Association, 1921 **Oxford Textbook of Primary Medical Care** Roger Jones (Prof.), 2005 **Advances in Medical Education** A.J.J.A. Scherpbier, Cees P.M. van der Vleuten, J.J. Rethans, A.F.W. van der Steeg, 2012-12-06 About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht We received 525 abstracts for the conference divided in thematic poster sessions and platform presentations Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences During and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression Despite the large number of papers the editors have attempted to review and edit the papers as care fully as possible Occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers Although we felt that our editorial task was not quite finished we nevertheless decided to include these papers We thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education The editors want to thank Jocelyn Flippo Berger whose expertise with desk top publishing and perseverance was a great help *Understanding Medical Education* Tim Swanwick, Kirsty Forrest, Bridget C. O'Brien, 2018-10-02 Created in partnership with the Association for the Study of Medical Education ASME this completely revised and updated new edition of *Understanding Medical Education* synthesizes the latest knowledge evidence and best practice across the continuum of medical education Written and edited by an international team this latest edition continues to cover a wide range of subject matter within five broad areas Foundations Teaching and Learning Assessment and Selection Research and Evaluation and Faculty and Learners as well as featuring a wealth of new material including new chapters on the science of learning knowledge synthesis and learner support and well being The third edition of *Understanding Medical Education* Provides a comprehensive and authoritative resource summarizing the theoretical and academic bases to modern medical education practice Meets the needs of all newcomers to medical education whether undergraduate or postgraduate including those studying at certificate diploma or masters level Offers a global perspective on medical education from leading experts from across the world Providing practical guidance and exploring medical education in all its diversity *Understanding Medical Education* continues to be an essential resource for both established educators and all those new to the field **The Ohio State Medical Journal** , 1911 *Guardians of Medical Knowledge* Jennifer Connor, 2000 Jennifer Connor explores the worldview of leaders in American medicine with respect to medical literature history libraries and librarianship Tracing the first fifty years of the Medical Library Association MLA from its conception as a

resource for libraries to its post World War II role as a national professional organization this thorough study portrays the genesis of the MLA through analysis of its origins its dominant medical culture and its intricate network of physician leaders

General Practice Under the NHS James Sherifi,2022-08-17 This accessible text covers the entirety of General Practice and the General Practitioner from student to retirement and from the beginning of the NHS to the present day It provides a comprehensive historical overview representing both academic and front line perspectives describing what has changed beneficial or otherwise as the specialty has evolved The details within each chapter represent the views of the average working British GP and illustrate how the changes over the decades have impacted patient care and its delivery The perspective often differs from that which prevails in many academic tomes on the subject The topics covered from the primary care team changes to out of hours provision the impact of IT training and regulation to the future of General Practice will be essential reading for all doctors considering a career in the specialty and will also be of interest to GP vocational training scheme course organisers and trainers overseas medical educators and healthcare policy makers social and medical historians and the general public *International Record of Medicine and General Practice Clinics* Frank Pierce Foster,1883

Health Promotion in Medical Education Ann Wylie,Tangerine Holt,2018-05-08 Health promotion has been a relatively overlooked area in modern medical and health professional vocational curricula This practical and informative book aims to redress the balance towards health promotion being a visible integrated curricular component with agreed principles on quality in health promotion teaching across various faculties Experienced and enthusiastic writers with expertise in health promotion public health and medical education explore how curricular structures can accommodate the discipline providing examples of teaching sessions and methods of teaching health promotion within integrated curricula Do not fear another dry discussion of how to stop patients smoking This book takes a stimulatingly lateral view of the scope of the subject goes a very long way to showing why it is essential to medical education and gives good advice on how to support and develop both the subject and its tutors in today s medical schools From the Foreword by Amanda Howe *Minutes of the General Council of Medical Education & Registration of the United Kingdom; of the Executive Committee, and of the Branch Councils* General Medical Council (Great Britain),1877 **Medical education (Washington, D.C.). 1920/22** ,1923 **The Philadelphia Medical Journal ...** ,1898 **National Health Insurance and the Medical Profession** Frederick Ludwig Hoffman,1920

National health insurance and the medical profession c. 2 Frederick Ludwig Hoffman,1920 Family Practice in the Eastern Mediterranean Region Hassan Salah,Michael Kidd,2018-10-26 This is the first book to analyze in depth the current causes of shortage of family physicians and the relative weakness of the family practice model in many countries in the Eastern Mediterranean Region Focusing on engagement with the private health sector in scaling up family practice the book explores why primary health care can make the difference and how it can be introduced and strengthened Comparative experiences from around the world put the EMR in context while the book also highlights where the EMR is special in

particular the burden for health care of refugees and displaced persons and the need of public private partnerships

British Medical Journal ,1928 **The Lancet-Clinic ...** ,1915 **New York State Journal of Medicine** ,1925 *The Dental Cosmos: A Monthly Record Of Dental Science* J. D. White,John Hugh McQuillen,George Jacob Ziegler,James William White,Edward Cameron Kirk,Lovick Pierce Anthony,1872
