The book provides a comprehensive analysis of how the shift to working from home has reshaped the dynamics of productivity, employee engagement, and overall performance metrics. He begins by examining the context of India's IT sector, a field characterized by its reliance on technology and flexibility. It highlights the direct impacts of the COVID-19 pandemic, which has accelerated the adoption of remote work. Through extensive research and surveys, Verma provides empirical data demonstrating both positive and negative impacts on employee productivity. The author identifies several key factors that influence performance in a work-from-home environment. It discusses how independence and flexibility can enhance career tenure.      [Hyperconnectivity](#)

and Its Discontents Rogers Brubaker, 2022-11-14 Digital hyperconnectivity is a defining fact of our time The Silicon Valley dream of universal connection the dream of connecting everyone and everything to everyone and everything else everywhere and all the time is rapidly becoming a reality In this wide ranging and sharply argued book Rogers Brubaker develops an original interpretive account of the pervasive and unsettling changes brought about by hyperconnectivity He traces transformations of the self social relations culture economics and politics giving special attention to underexplored themes of abundance miniaturization convenience quantification and discipline He shows how hyperconnectivity prepared us for the pandemic and how the pandemic in turn has prepared us for an even more fully digitally mediated future Throughout Brubaker underscores the ambivalence of digital hyperconnectivity which opens up many new and exciting possibilities yet at the same time threatens human freedom and flourishing Hyperconnectivity and Its Discontents will be essential reading for everyone interested in the constellation of socio technical forces that are profoundly remaking our world **Unveiling**
