Making Sense From Nonsense Daniel Fuller, 2025-02-26 For war Correct and normal posture is Scoliotic spine fixed in alignment with adopted language Shoulders slouching under symbolic statistics Head forward neck perfect for pain Not standing up against the costs Sitting down like a desk worker fostering the process Virtue sleeping Its fire cliparted Straddling the boundaries between human creativity and AI between sense and nonsense between text and pictures *Making Sense From Nonsense* is a unique book of experimental poetry crafted from words generated by Google s algorithm and illustrated with full colour AI art Powerful poems and illustrations are rife with meaning whether that s a meaning plucked from the reader s mind or from the poet s Divided into four sections poems have a wide variety of styles The landscapes they describe range from the gothic fantasy splendour of *The Magical A* Medieval song streams from the crypt Like a curtain of night fog Tracking dew upon the spider webs to an often absurd present in *Reality Sweet Myrtle* lays them down wisely Her crispy potato chip collection In *The Absurd Reality of Violence* poems address wartime the migrant crisis and much more

besides As the author notes in the introduction the best aspect of this collection of poems is that you need to figure out for yourself where the Nonsense stops and the truth begins Personalization and Digital Social Markets Tahir M.

Nisar,2025-01-09 Tahir Nisar presents a cogent compelling account of recent developments and disruptions within the digital economy and particularly within the industrial and service sectors Through an original overarching framework rooted in the concept of personalization and its antecedents Nisar identifies radically new forms of relationships both economic and social among firms and customers These new relationships are driving major changes in commercial and industrial firms policies and practices and in turn in the entire market economy E commerce trading user generated content virtual communities co creation influencer movements FinTech and sharing economies have strengthened the hands of consumers and have encouraged developments in cognitive technologies such as AI automation which in turn create new ways of working and disruptions to traditional capital labour relations Ultimately what emerges from this study is a picture of how digital technologies unleash forces of change that are creating new forms of social and economic sharing arrangements and new forms of social organization For its empirical depth and and theoretical rigor this book is essential reading for researchers and students interested in emerging alternative forms of economics business and management and particularly those interested in the digital economy and the state and future of capitalist markets *Ideogram AI for Beginners*
