The idea of structuring your life around passive income is real. I currently have four streams of passive or semi-passive income. I'm working on the fifth and would never again consider trading my time for money. But it's not as easy as some books suggest. As with anything in life, if you want to create passive income, you will need to understand it, plan for it, and then work to make it a reality. I have done just that and have no need to punch a clock or answer to anyone else. Because most of my income is passive, I don't have to exert a lot of time or effort to earn a great living. **100 Side Hustles** Chris Guillebeau, 2019-06-04 Best-selling author Chris Guillebeau presents a full-color ideabook featuring 100 stories of regular people launching successful side businesses that almost anyone can do. How can employees leverage the shifting power dynamic to build their own empires? Build now and ask forgiveness later. This book shows you how. Rich with insights from personal experience and doctoral research, this is the story of more than a decade of side hustling alongside successes and failures in a career in corporate America. But more importantly, it is a roadmap on how to successfully incorporate a side hustle into your life in a way that supports your day job, too. Not everyone starts a side hustle to eventually quit their day job, and many individuals enjoy and take pride in the dual incomes they can earn this way. This book centers and prioritizes this path. No matter their

industry this book will resonate with readers who have been burned by their side hustle or fear that they might be as well as HR professionals who want to support change in corporate America and leaders who value and prioritize innovation to impact their workforce for the better
