Man vs. machine: Experimental evidence on the quality and perceptions of AI-generated research content

Keenan, Michael, Koo, Jawoo, Mwangi, Christine, Karachiwalla, Naureen, Breisinger, Clemens, Kim, MinAh, 2025-02-24

Academic researchers want their research to be understood and used by non technical audiences but that requires communication that is more accessible in the form of non technical and shorter summaries The researcher must both signal the quality of the research and ensure that the content is salient by making it more readable AI tools can improve salience however they can also lead to ambiguity in the signal since true effort is then difficult to observe We implement an online factorial experiment providing non technical audiences with a blog on an academic paper and vary the actual author of the blog from the same paper human or ChatGPT and whether respondents are told the blog is written by a human or AI tool Even though AI generated blogs are objectively of higher quality they are rated lower but not if the author is disclosed as AI indicating that signaling is important and can be distorted by AI Use of the blog does not vary by experimental arm The findings suggest that provided disclosure statements are included researchers can potentially use AI to reduce effort costs without compromising signaling or salience Academic researchers want their research to be understood and used by non technical audiences but that requires communication that is more accessible in the form of non technical and shorter summaries The researcher must both signal the quality of the research and ensure that the content is salient by making it more readable AI tools can improve salience however they can also lead to ambiguity in the signal since true effort is then difficult to observe We implement an online factorial experiment providing non technical audiences with a blog on an academic paper and vary the actual author of the blog from the same paper human or ChatGPT and whether respondents are told the blog is written by a human or AI tool Even though AI generated blogs are objectively of higher quality they are rated lower but not if the author is disclosed as AI indicating that signaling is important and can be distorted by AI Use of the blog does not vary by experimental arm The findings suggest that provided disclosure statements are included researchers can potentially use AI to reduce effort costs without compromising signaling or salience *Artificial Intelligence, Pedagogy and Academic Integrity* Alyson E. King, 2025-07-01 This book addresses the implications of artificial intelligence for teaching learning and academic integrity in higher education It explores policies about the use of Generative Artificial Intelligence GenAI describes how to teach writing in the era of GenAI and how instructors can design courses and assessments that prevent plagiarism while building the necessary skills for critical thinking and writing Together the chapters include research results case studies teaching methodologies course design ideas analysis of power and gatekeeping and best practices related to GAI from a diverse range of researchers from English and French Canada the United States England Ukraine and Croatia The authors approach the advent and rapid spread of GenAI in higher education by examining its use from different perspectives with a particular focus on its impact on academic integrity Taking a communication studies

approach consideration is given to the role GenAI might play disrupting power structures in universities to improve access for students who are non traditional or English Language Learners The book also explores how reimagining teaching methodologies can help to mitigate academic integrity violations due to misuse of GenAI and to teach students to use GenAI with integrity as a research and brainstorming tool Students need to learn how to assess the reliability of GenAI s output as the develop the skills for research and writing Methods of teaching writing and research skills using GenAI are explored in an effort to ensure that critical thinking skills are developed successfully Most instructors who use writing intensive assessments believe that essential critical thinking skills are developed via the writing process often ideas become concrete as one writes about them Teaching with GenAI can provide opportunities for instructors to guide their students into a deeper analysis and critique of their research

Reinventing Blogging with ChatGPT Laua Maya,2023-05-12 Reinventing Blogging with ChatGPT is a comprehensive guidebook for bloggers and authors seeking to enhance their content creation workflow through the use of AI language model ChatGPT The book provides a clear

and concise overview of the entire process from identifying target audiences and niches to sharing posts on social media and evaluating blog performance. What sets this book apart is its focus on writing from prompts. To aid bloggers in generating fresh and creative ideas, the authors provide various sentence, multiple sentence, and conversation prompts throughout the book. These prompts are designed to complement specific chapters such as *Creating Your Blog's Mission Statement* and *Brainstorming Blog Post Topics* and can help bloggers who may be struggling to come up with ideas. In addition to prompts, the book covers other essential aspects of blogging such as search engine optimization, SEO, affiliate marketing, and social media promotion. The authors offer actionable advice and tactics on how to increase visibility and readership through strategic use of these tools. For instance, in the chapter *Inserting Strategic Links and Affiliate Links*, the writers provide best practices for incorporating affiliate links to monetize blogs without sacrificing writing integrity. The book also devotes several chapters to leveraging ChatGPT to improve the content development process. The authors provide an overview of ChatGPT and explain how to use it for generating topic ideas, refining writing, and creating attention-grabbing headlines. The prompts offered throughout the book make it easy for bloggers to produce high-quality content quickly and easily. Another key feature of the book is its focus on reader engagement. The authors offer practical advice on developing relationships with and maintaining interest from the target audience. The section *Interacting with Your Audience* details how bloggers can encourage conversation and feedback through comments and other tools. Finally, the book concludes with a chapter on performance analysis. The authors provide guidance on measuring the success of blog content using metrics such as readership and time spent on site. By monitoring these statistics, bloggers can identify what is working and what is not, leading to better content and higher rankings. In conclusion, *Reinventing Blogging with ChatGPT* is an invaluable resource for bloggers and authors seeking to improve their content creation process and attract a larger readership. The book's emphasis on writing from prompts and practical advice for audience engagement and performance analysis make it a must-read for bloggers of all skill levels.

Practical Chatgpt For Blogging For Beginners For Men: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Practical Chatgpt For Blogging For Beginners For Men : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
