Improve customer experience with chatbots Beata Stefanowicz, 2023-02-13. We have come a long way in the past 70 years since chatting to a computer was first mentioned. A chatbot is a computer program that communicates with human users over text or through a speech to text system. Businesses can use chatbots to communicate with their customers and recreate the in-store shopping experience online. Ecommerce companies can do this by: Welcoming visitors to their online store, Offering support within arm's reach, Showing personalized deals, Using proactive sales techniques, Helping customers find the right products, Upselling items and services, Handling complaints on auto pilot, Offering membership cards, Collecting feedback from shoppers, Offering multilingual support. Many

ecommerce brands are already taking advantage of chatbots to get ahead of their competitors Why not try them for yourself and see what this technology can do for your business
