Reimagining the P-20 Landscape for School Leadership Learning Bailey Watters, Jennifer, Miller, Gary J., Rhone, Ron, 2024-12-20

Enhancing school leadership through innovative and effective professional learning practices is critical for improving education at all levels. By exploring new methods and pedagogical approaches, educators and leaders can better support the development of leadership skills within the P 20 community. Strengthening school leadership not only improves decision making and school outcomes but also fosters a culture of continuous improvement and student success. This focus on leadership efficacy has a lasting impact on educational quality and equity, benefiting communities and society as a whole. *Reimagining the P 20 Landscape for School Leadership Learning* provides a collection of theoretical, conceptual, and empirical research on innovative and engaging practices, methods, and pedagogy for school leadership professional learning. It seeks to improve the landscape of methods and pedagogical approaches for leadership development among the P 20 community in supporting school leaders and advancing leadership efficiency. Covering topics such as competence development, online education, and virtual reality, this book is an excellent resource for practitioners, professionals, researchers, policy advisors, and more.

Tracking Early Career Researchers in EFL / ESL Studies

Kırmızı, Özkan, 2025-03-06 Tracking early career researchers in English as a Foreign Language (EFL) and English as a Second Language (ESL) studies is essential for understanding the evolving landscape of language acquisition and pedagogy. These researchers, often at the forefront of innovative methodologies and practices, bring fresh perspectives that contribute to the field's growth. Tracking their work can identify emerging trends, challenges, and opportunities and help assess the impact of their contributions on both theoretical frameworks and practical applications in language teaching. Continual exploration and monitoring of their progress may shape the future direction of EFL and ESL research, ensuring it remains responsive to the needs of learners, educators, and the broader linguistic community. *Tracking Early Career Researchers in EFL / ESL Studies* examines the contextual factors that play a role in identity construction, resilience, academic stress, or career projections of early career researchers. It explores the rise of neo-liberal educational policies, the commodification of education, the credentials inflation, ranking systems, and criteria-based promotion policies in higher education, processes which pressure early

career researchers This book covers topics such as digital technology linguistics and qualitative research and is a useful resource for academicians researchers linguists language educators computer engineers and data scientists Tramways, their construction and working.
