clips either with your followers or if you have a public account with the larger Instagram community via the Explore page. And since video content is all the rage now, top brands are using Instagram Reels for business marketing by sharing short video content to convey their branding and advertising messages on the Explore page as well as with followers to gain massive traction. As it rolled out to the majority of users in August 2020, this feature is being made available across 50 countries including the U.S., making it an impeccable platform to interact with audiences and fuel your branding endeavors. The timing is also fortuitous given TikTok's uncertain future in the U.S. as the Trump administration weighs either banning the Chinese-owned app entirely or forcing it to sell off its U.S. operations. To put this further into perspective, let's take a look at a few stats. The average time spent on Instagram increased by 3.5% since the launch of Instagram Reels. For example, some published data reflects recent development as follows: Two-thirds of the NBA's franchises have posted at least one Reel since the feature launched in the United States. The Los Angeles Lakers top the league in engagement on Instagram Reels with more than 385,000 engagements and more than 4.1M plays on a single video. Louis Vuitton averages 7M views on each Reel and are still increasing. Sephora France gets more than 453K views on each Reel and more. That is great news for businesses that want to survive and thrive despite the challenging economic conditions. So here we are with our Awesome course: Instagram Reels Marketing. Instagram Income Chris Oberg, 2022-03-15. Do you think you must have thousands of followers to make money on IG? Some would say so, but I call shenanigans. The amount of money you make on IG as a solo entrepreneur or small business owner always boils down to your strategy and offer. It's about knowing your audience, crafting a message they care about, and delivering a solution to their problem. When you view IG as an income stream rather than a vague marketing channel, something important happens. First, it becomes clear where in your overall business funnel IG lives, and it becomes clear that the only purpose IG serves is to get you new clients, sell more products, and generate revenue. In this book, you'll learn: Develop your IG strategy to fit with IG's business model; Get attention by having something interesting to say; The big fat myth about content creation; Posting to get algorithmic pushes; Monetize IG with less than 100 followers; Actual examples of real business owners making money on IG; And more. Distilled in this book is how I and others use IG to
