Marketing is all about reaching your target audience at the right place and at the right time. Digital marketing is an all-inclusive term for marketing products and services online using various methods such as websites, email, social media, and online advertising. This book is a collection of everything you need to know about digital marketing, with materials provided, carefully researched, and with balanced arguments to support all the topics covered in the book. I highly recommend it to everyone as I believe it will be a valuable and convenient resource for building the skills, knowledge, and confidence needed to become a capable and qualified digital marketing executive. *Social Media for Strategic Communication* Karen Freberg, 2021-07-02 *Social Media for Strategic Communication: Creative Strategies and Research-Based Applications* Second Edition teaches students the skills and principles needed to use social media in persuasive communication campaigns. This book combines cutting-edge research with practical, on-the-ground instruction to prepare students for the real-world challenges they'll face in the workplace. By focusing on strategic thinking and awareness, this book gives students the tools they need to adapt what they learn to new platforms and technologies that may emerge in the future. A broad focus on strategic communication, from PR, advertising, and marketing to non-profit advocacy, gives students a broad base of knowledge that will serve them wherever their careers may lead. The Second Edition features new case studies and exercises and increased coverage of diversity and inclusion issues and

influencer marketing trends Personal Brand Management Talaya Waller, 2020-04-15 This book is the definitive resource for understanding the phenomena and process of personal brand management as it becomes increasingly valued in a global economy By providing a research based theoretical framework the author distills the concept of personal branding as it is applicable to individuals throughout all stages of career development as well as across industries and disciplines Extensively researched with numerous case studies this book clearly outlines the strategic process of evaluating the economic value of a personal brand to manage and scale it accordingly The author an expert in the field of personal brand strategy and management argues that a business is what a person or organization does but the brand is what people expect from that person or organization The two must align and the book's conceptual framework explains the theory and practice behind personal branding to accomplish this synergism The consequence of the digital age is unprecedented visibility for individuals and businesses As they engage with one another in more and more virtual spaces the need for understanding and managing the evolving complexity of this personal engagement is an economic reality For this reason the framework in this title provides insight and perspective on all phases of a brand in its recursive life cycle both on and offline By providing clarity and structure to the topic as well as practical theory for its application this title is the ultimate primer on personal branding in theory and practice
