Current Trends in the Pragmatics of Spanish Rosina Márquez-Reiter, María Elena Placencia, 2004-01-01 Current Trends in the Pragmatics of Spanish provides the reader with a representative spectrum of current research in the most dynamic areas of the pragmatics of Spanish. It brings together a collection of academic essays written by well established as well as emerging voices in Hispanic pragmatics. The essays include applications of pragmatic concepts to sub fields of Spanish linguistics i.e. pragmatics and grammar pragmatics and applied linguistics pragmatics and cross and inter cultural communication studies of traditional topics in pragmatics i.e. discourse markers politeness metaphor humour as well as a proposal to amalgamate the dominant pragmatic approaches namely socio pragmatics and cognitive pragmatics into one comprehensive model. The essays in this collection represent both new theoretical and empirical research and as such they constitute a valuable contribution to the field of pragmatics in general and an essential reference to those researching the pragmatics of Spanish.

Intercultural Business Communication and Simulation and Gaming Methodology Victoria Guillén-Nieto, 2009 This book received the Enrique Alcaraz research award in 2010. This volume derives from the COMINTER SIMULNEG research project which aims at designing a pragmatic model for the analysis of intercultural communication between Spaniards and Britons as well as developing a teaching methodology for cultural awareness based on computer simulation of real business settings. Contributions to this volume focus on three main issues: a) explaining intercultural communication b) research on intercultural business communication c) the use of simulation and gaming methodology for the acquisition of communicative and cross cultural competence in business settings. This book adopts an interdisciplinary approach to the study and practice of intercultural business communication borrowing concepts from social anthropology social cognition cognitive linguistics and intercultural pragmatics.
