Hammer, 1977 **Disturbers of the Peace** Kelly Baker Josephs, 2013-10-11 Exploring the prevalence of madness in Caribbean texts written in English in the mid twentieth century Kelly Baker Josephs focuses on celebrated writers such as Jean Rhys V S Naipaul and Derek Walcott as well as on understudied writers such as Sylvia Wynter and Erna Brodber Because mad figures appear frequently in Caribbean literature from French Spanish and English traditions in roles ranging from bit parts to first person narrators the author regards madness as a part of the West Indian literary aesthetic The relatively condensed decolonization of the anglophone islands during the 1960s and 1970s she argues makes literature written in English during this time especially rich for an examination of the function of madness in literary critiques of colonialism and in the Caribbean project of nation making In drawing connections between madness and literature gender and religion this book speaks not only to the field of Caribbean studies but also to colonial and postcolonial literature in general The volume closes with a study of twenty first century literature of the Caribbean diaspora demonstrating that Caribbean writers still turn to representations of madness to depict their changing worlds *Modernism, Postcolonialism, and Globalism* Richard Begam, Michael Valdez Moses, 2019 As England withdrew from its empire after World War II how did writers living outside the United Kingdom respond to the history of colonialism and the aesthetics of modernism within a global context In fourteen original essays edited by Richard Begam and Michael Valdez Moses a distinguished group of scholars considers these questions in relation to novelists playwrights and poets living in English speaking countries around the world Modernism Postcolonialism and Globalism not only examines how modernism and postcolonialism evolved over several generations but also situates the writers analyzed in terms of canonical realignments inspired by the New Modernist Studies and an array of emerging methodologies and approaches While this volume highlights social and political questions connected with the end of empire it also considers the aesthetics of postcolonialism detailing how writers drew upon responded to and sometimes reacted against the formal innovations of modernism Many of the essays consider the influence modernist artists and movements exercised on

The Crowning of a Poet's Quest Paola Loreto, 2009 This first extended study of Derek Walcott's *Tiepolo's Hound* 2000 defines the book as the culmination of the poetry and poetics of the Caribbean writer and Nobel Prize winner In this long poem Walcott achieves three goals pursued throughout his career to develop an original Caribbean aesthetic to meld the modes of poetry and prose and to formulate the *Bildung* of the island artist in terms of an autobiographical narrative The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone The commentary locates Walcott in an aesthetic tradition running from Emerson through the American Pragmatists to modernist poets describes his experimental use of certain central narrative strategies in his semi autobiographical long poems which is compared to those of another openly admired bilingual writer Vladimir Nabokov explores Walcott's revision of the epic mode and of the genre of autobiography delineates his unfolding of a post Romantic internalization of the poet's Arthurian quest and discusses his complex treatment of the multi layered metaphor of light as major evidence of the maturity of his style and poetics with their conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott's gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation

Tragedy and International Relations T. Erskine, R. Lebow, 2012-03-29 Nowhere are clashes between competing ethical perspectives more prevalent than in the realm of International Relations Thus understanding tragedy is directly relevant to understanding IR This volume explores the various ways that tragedy can be used as a lens through which international relations might be brought into clearer focus
