Conversion Experience A Reflective Process For Rcia Participants And Others:

The Conversion Experience Donald L. Gelpi, 1998 Using reflections exercises and suggestions for prayer and group sharing this practical book explores five forms of conversion the seven dynamics that structure the process and the significance for conversion of sacramental worship *Pentecostal Experience* Peter D. Neumann, 2012-08-22 Pentecostals are known for an experiential spirituality that emphasizes immediate encounters with God through the Holy Spirit But how should such experience be understood Is it in fact quite so immediate Neumann argues that Pentecostal experience of God is mediated by the Spirit's work through Scripture the Christian tradition and the broader cultural context Using the work of three contemporary Pentecostal theologians Frank D Macchia Simon K H Chan and Amos Yong the book demonstrates that a mediated view of experience of God is forging a more mature Pentecostal theology As further evidence of this maturation Neumann engages these Pentecostal theologians in ecumenical dialogue with leading representatives from Roman Catholic Eastern Orthodox and Protestant traditions **Beyond the Impasse** Amos Yong, 2014-09-25 No one who cares about a theology that does justice to what the Bible tells us about the cosmic ministry of the Holy Spirit can afford to ignore this important work Amos Yong's book itself displays the robust sense of discernment that he asks all of us to exercise in our engagement with non Christian religions RICHARD J MOUW Fuller Theological Seminary Finally a Spirit based theology of religions that takes the Spirit seriously Drawing on his Pentecostal roots Yong offers guidelines for discerning the voice of the Spirit in other traditions a voice that may call us to unexpected christological conclusions This is truly a pioneering work that opens new theological paths but modestly recognizes that there is still much to explore PAUL F KNITTER Xavier University Few areas in theology are as complex controversial and urgent as theology of religions Amos Yong has advanced the discussion significantly with his creative and sophisticated proposal for a pneumatological theology of religions While undoubtedly controversial Yong's proposal frames the issues in fresh ways and suggests new options for an evangelical theology of religions Harold Netland Trinity Evangelical Divinity School With scholarly rigor and intellectual acumen Yong's theology takes seriously and appreciatively the diversity of the work of the universal Spirit in the cultures and religious communities of the world His position is fully evangelical but is richly informed by his Pentecostal roots and context He sets this Pentecostal evangelical theology of religions in the center of the ongoing discussion not only among evangelicals but also in the whole church John B Cobb Jr Claremont School of Theology and Claremont Graduate Schools An insightful theological reflection on the place of world religions within the broader framework of Christian theology Yong provides a theological basis for everyday interaction with members of other religions and an understanding of other religious traditions in the providence of God This is an excellent book that ought to be widely read and discussed Irving Hexham University of Calgary Practicing to Aim at Truth Ryan Andrew Newson, Brad J. Kallenberg, 2015-10-16 Beginning with her award winning book *Theology in the Age of Scientific Reasoning* 1990 Nancey Murphy has used philosophy of science as a way into and catalyst

for fresh thinking in cosmology divine action epistemology cognitive neuroscience theological anthropology philosophy of mind and Christian virtue ethics The essays in this book written by her students and colleagues creatively honor Murphy by extending a number of her core insights within their respective disciplines An introduction provides both an account of Murphy's unique location an Anabaptist teaching at an evangelical graduate institution and a summary of her contributions to theology as a philosopher of science whose corpus more than any other epitomizes the paradigm shift in philosophy sometimes called Anglo American postmodernity Subsequently fourteen essays provide unique engagements with Murphy on subjects including divine action the interaction between science and theology epistemology the nature of humanity and political theology In its entirety *Practicing to Aim at Truth* provides the first in depth interaction with and extension of Nancey Murphy's unique school of thought providing a resource both for those wishing to extend her research program as well as those wishing to understand it charitably in order to critique it *Dictionary of Scripture and Ethics* Joel B.

Green, Jacqueline Lapsley, Rebekah Miles, Allen Verhey, 2011-11 Leading scholars from the fields of biblical studies and ethics provide a one stop reference book on the vital relationship between Scripture and ethics ***The Spirit in the World***

Veli-Matti Karkkainen, 2009-08-26 Pentecostal scholars from four continents here offer constructive theological proposals focusing on the role of the Holy Spirit in diverse cultural and religious contexts Typical Pentecostal topics Spirit baptism healing and other charisms are interwoven with such themes as post colonialism religious plurality racial diversity and cultural heritage ***Feasting on the Gospels--Luke, Volume 1*** Cynthia A. Jarvis, E. Elizabeth Johnson, 2014-10-06

Feasting on the Gospels is a new seven volume series that follows up on the success of the *Feasting on the Word* series to provide another trusted preaching resource this time on the most prominent and preached upon most preached upon books in the Bible the four Gospels With contributions from a diverse and respected group of scholars and pastors *Feasting on the Gospels* includes completely new material that covers every single passage in the Gospels making it suitable for both pastors who preach from the lectionary and pastors who do not Moreover these volumes incorporate the unique format of *Feasting on the Word* giving preachers four perspectives to choose from for each Gospel passage theological pastoral exegetical and homiletical *Feasting on the Gospels* offers a unique resource for all who preach either continuously or occasionally on the Gospels *Heythrop Journal*, 1999 A select book list appears quarterly *Closer Walk* Donald L.
