J. Colligan,J. W. Pennebaker,L. R. Murphy,2013-10-31 First published in 1982 This study looks at the concepts around mass hysteria or anxiety due to an illness episode that defies physical explanations and where investigators may turn to a psychological interpretation of an outbreak The present book brings together scientists from several disciplines in an attempt to to explore outbreaks from a variety of perspectives including historical cultural social psychological and even medical Passion and Reason Richard S. Lazarus,Bernice N. Lazarus,1994-11-03 When Oxford published *Emotion and Adaptation* the landmark 1991 book on the psychology of emotion by internationally acclaimed stress and coping expert Richard Lazarus *Contemporary Psychology* welcomed it as a brightly shining star in the galaxy of such volumes Psychiatrists psychologists and researchers hailed it as a masterpiece a major breakthrough in our understanding of the emotional process and its central role in our adaptation as individuals and as a species What was still needed however was a book for general readers and health care practitioners that would dispel the myths still surrounding cultural beliefs about emotion and systematically explain the relevance of the new research to the emotional dramas of our everyday lives Now in *Passion and Reason* Lazarus draws on his four decades of pioneering research to bring readers the first book to move beyond both clinical jargon and feel good popular psychology to really explain in plain accessible language how emotions are aroused how they are managed and how they critically shape our views of ourselves and the world around us With his co author writer Bernice Lazarus Dr Lazarus explores the latest findings on the short and long term causes and effects of various emotions including the often conflicting research on stress management and links between negative emotions and heart disease cancer and other aspects of physical and psychological health Lazarus makes a strong case that contrary to common assumption emotions are not irrational our emotions and our analytical thought processes are inextricably linked While not a how to book *Passion and Reason* does describe how readers can interpret what lies behind their own emotions and those of their families friends and co workers and how to manage them more effectively Exploring fifteen emotions in depth from love to jealousy the authors show how the personal meaning we give to the events and conditions of our lives trigger such emotions as anger anxiety guilt and pride They provide fascinating vignettes to frame a biography of each emotion Some are composite case histories drawn from Dr Lazarus s long career but most are stories of people the Lazaruses have known over the years people whose emotional fears conflicts and desires mirror readers own The Lazaruses also offer a special chapter on the diverse strategies of coping people use in
