How To Ai Customer Support Bot For Us Audience:

AI in Marketing, Sales and Service Peter Gentsch, 2018-10-22 AI and Algorithmics have already optimized and automated production and logistics processes. Now it is time to unleash AI on the administrative planning and even creative procedures in marketing, sales and management. This book provides an easy-to-understand guide to assessing the value and potential of AI and Algorithmics. It systematically draws together the technologies and methods of AI with clear business scenarios on an entrepreneurial level. With interviews and case studies from those cutting-edge businesses and executives who are already leading the way, this book shows you how customer and market potential can be automatically identified and profiled, how media planning can be intelligently automated and optimized with AI and Big Data, how chat bots and digital assistants can make communication between companies and consumers more efficient and smarter, how you can optimize Customer Journeys based on Algorithmics and AI, and how to conduct market research in a more efficient and smarter way. A decade from now, all businesses will be AI businesses. Gentsch shows you how to make sure yours makes that transition better than your competitors.

Artificial Intelligence as a Disruptive Technology Rosario Girasa, 2025-11-24 This book highlights the remarkable technological changes taking place today that are profoundly changing almost all aspects of society, including job creation and destruction, invasion of privacy to a degree nullifying its protection, the environment's replacement of human persons with machines, and innumerable other effects. The book focuses on the role of AI within a legal and regulatory context and explores in detail the attempts to obstruct major harms to society both in the United States and elsewhere. This book will be an invaluable resource for those working in this interdisciplinary field, exploring and using AI. It will also be a useful reference for students taking relevant courses as well as legal practitioners looking for an accessible introduction to the key issues brought about by the almost daily advances in digital technologies.

Selling and Negotiation Skills Prashant Chaudhary, 2024-10-17 This book is a complete guide to learning the critical selling and negotiation skills to gain a competitive edge in a challenging business environment. The volume covers various negotiation approaches, strategies, tactics, and styles that are adaptable and compatible with emerging business models and technologies. Businesses worldwide are adapting to changing consumer behaviour and focusing on more sustainable and future-ready selling and negotiation strategies. Richly illustrated with examples from diverse domains and real-life situations for an easy understanding of the subject, this book looks at strategies, tactics, and styles for negotiation and the tools or technologies used for effectively selling business cases and scenarios that illustrate the direct application of concepts, making the book practical, accessible, and relevant. A customer-centric selling and negotiation strategies, processes, and approaches. A valuable companion for students, teachers, research scholars, and professionals working in sales, business, and management. This revised edition will also be of interest to those working in the areas of global business and trade, international affairs, marketing, and economics.
