Bögel**

Control Of Rabies:

Guidelines for the Control of Rabies ,1969 Control of Rabies National Research Council (U.S.). Subcommittee on Rabies,1973 **Rabies Control** University of Southern California. School of citizenship and public administration,1931

Rabies Anthony R. Fooks,Alan C. Jackson,2020-05-05 Rabies Basis of the Disease and Its Management Fourth Edition is an authoritative reference on the current status of rabies including the virological clinical and public health aspects and management recommendations Rabies remains one of the most important global public health problems worldwide Although many important developments have been made over the past century to combat this disease rabies has become a re emergent infection in the resource constrained countries The Fourth Edition updates this classic reference with comprehensive coverage of the molecular virology pathogenesis immunology vaccines public health aspects and epidemiology of rabies and is completely revised with new chapters that will cover historical developments in rabies intervention strategies the evolution of rabies virus modeling rabies control and on the strategy for rabies elimination Rabies Fourth Edition provides physicians veterinarians public health advisors epidemiologists and research scientists with a single source for authoritative and up to date information on the diagnosis treatment control and prevention of this fatal infectious virus *WHO Expert Consultation on Rabies* World Health Organization,2005-12-31 More than 99% of all human rabies deaths occur in the developing world and although effective and economical control measures are available the disease has not been brought under control throughout most of the affected countries Given that a major factor in the low level of commitment to rabies control is a lack of accurate data on the true public health impact of the disease this report of a WHO Expert Consultation begins by providing new data on the estimated burden of the disease and its distribution in the world It also reviews recent progress in the classification of rabies viruses rabies pathogenesis and diagnosis rabies pre and post exposure prophylaxis the management of rabies patients and canine as well as wildlife rabies prevention and control

Guidelines for the Treatment, Investigation, and Control of Animal Bites ,1992 Discusses medical management of animal bites animal rabies surveillance animal bite investigation domestic animal isolation procedures laboratory diagnosis of rabies and answers questions about rabies 9 tables 10 figures 4 appendices **Communicable Disease Center** United States. Communicable disease center. Atlanta, Ga,1947 Literature Search National Library of Medicine (U.S.),1971 *The American City* Arthur Hastings Grant,Harold Sinley Bittenheim,1924 **Rabies in Man and Animals** Sudhi Ranjan Garg,2013-10-23 Rabies is the deadliest zoonotic disease that threatens humans and animals on all continents except Antarctica Asia and Africa are worst affected as more than 95 per cent of rabies associated human deaths occur in these regions India alone bears about 36 per cent of the global human rabies burden Dogs are the main transmitters of rabies that potentially threaten over 3 billion people in Asia and Africa Many developed nations have been able to successfully control dog rabies but continue to face the risk from wildlife including bats Bat rabies is responsible for most human rabies deaths in

the United States of America and Canada but has emerged as a public health threat in Australia Latin America and Western Europe as well Despite being vaccine preventable rabies continues to haunt the mankind Poor resources is a major constraint but the factors like low priority attributed to rabies misconceptions in the community about the disease and unsystematic approach for its prevention and control are also responsible for the grim situation Targets have been set for elimination of human and dog rabies in all Latin American countries by 2015 and of human rabies transmitted by dogs in South East Asia by 2020 However the myths prevailing among the people together with inadequate knowledge of the health professionals veterinarians and the civic body staff about the rabies prevention and control strategies might make the task very difficult This book comprising eight chapters elaborates the causation of rabies in man and animals its global epidemiology risk analysis and effective strategies for the management of exposures Proven methods of rabies prevention and control have been discussed in length along with the challenges and ways to overcome the constraints through intersectoral coordination The inclusion of 200 frequently asked questions is a unique feature of the book which may help not only the common people and pet lovers in clearing their doubts about rabies in man and animals also be equally instrumental in updating the knowledge and skills of the public health personnel veterinarians and other professionals Apt illustrations and simple language make the contents of the book easily comprehensible and a reading pleasure *California Compendium of Rabies Control and Prevention*, 2001 *Report* New Hampshire. Dept. of Agriculture, 1928 **MYCDCGP - Guidelines on Rabies Management in Human and Animals** Bahagian Kawalan Penyakit, Kementerian Kesihatan Malaysia, PURPOSES OF THE GUIDELINE 1 As a guide to the staff of DVS and MOH in handling rabies in both animals and human 2 Each agency knows their counterparts roles and responsibility 3 Harmonisation in joint response for rabies case management 4 To mitigate the risk to the public and animal health posed by infection with rabies virus and to prevent the spread *Report* New Hampshire. Department of Agriculture, 1928 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1973 First multi year cumulation covers six years 1965 70 **Scientific Memoirs by Officers of the Medical and Sanitary Departments of the Government of India**, 1911 **Scientific memoirs by officers of the Medical and Sanitary Departments of the Government of India. no. 44 | new ser., 1991**, 1911 **Report of the Board of Agriculture** New Hampshire. Board of Agriculture, 1928 **Scientific Memoirs by Officers of the Medical and Sanitary Departments of the Government of India. ...** India. Medical department, 1911 **Rabies in the Tropics** E. Kuwert, C. Merieux, H. Koprowski, K. Bögel, 2012-12-06 Rabies as in former times is still today a major killer affecting man and animals especially in many tropical and sub tropical countries of Asia Africa and South America Some 50 000 people and literally millions of animals suffer and die of this disease each year This dramatic death toll and the enormous economic losses which ensue are nowadays un tolerable and no longer justified Worldwide strategy for Rabies control has been established and the World Health Organization recently formulated an elimination programme for dog Rabies Methods for

wildlife Rabies control are also under way For the realisation of control campaigns careful epidemiological analysis is necessary This involves antigenic characterisation of Rabies Virus Strains using monoclonal antibodies observation of foci follow up of the front wave of the disease specific ecology of target populations and Rabies carrier species The financial point of view of such campaigns has of course to be ascertained It is for the first time ever that representatives and specialists of different biological disciplines from nearly 70 countries have had the opportunity in Tunis to discuss these important issues and to evaluate on the basis of their own experimental results and personal epidemiological observations the possibility of ultimate elimination of Rabies in tropical and sub tropical countries and also to contribute their share for a better understanding of the natural history of this disease
