Conversation Analysis Profile For People With Aphasia Cappa:

Conversation Analysis Profile for People with Aphasia (CAPPA) Anne Whitworth, Lisa Perkins, Ruth Lesser, 1997-01-01 The aim of the CAPPA is to gather specific information on the way that the manifestations of aphasia impact on conversation for the person with aphasia and his/her key conversational partner. Format The CAPPA comes packaged in a strong and highly portable case containing an 80 page manual, a spiral bound set of test cards, an interview form and a summary profile form.

Conversation Analysis Profile for People with Aphasia (CAPPA) Anne Whitworth, Lisa Perkins, Ruth Lesser, 1997-03-01 **Analysis of Neurogenic Disordered Discourse Production** Anthony Pak-Hin Kong, 2016-03-10 Analysis of Neurogenic Disordered Discourse Production provides a comprehensive review and discussion of aphasia and its related disorders, their corresponding clinical discourse symptoms that speech language pathologists and related healthcare professionals should address, and the different methods of discourse elicitation that are research and clinically oriented. Contemporary issues related to disordered clinical discourse production are covered, and discussions of various treatment options in relation to discourse symptoms are included. Finally, the manifestation of discourse symptoms as a function of speakers' bilingual/multilingual status and specific considerations related to clinical assessment and intervention are explored. Readers who want to learn the background and techniques of discourse analysis refresh their knowledge of discourse production, update their knowledge of assessment and treatment of discourse production, and learn about contemporary issues of discourse annotation and analysis using existing computer software will find this book a valuable tool. With its comprehensive coverage, it offers a thorough understanding of the nature, assessment, and remediation of discourse deficits in aphasia and related disorders. Readers will also benefit from examples throughout the book that connect theory to real-life contexts of discourse production.

Communication Disorders Louise Cummings, 2013-10-28 What are communication disorders? How are they identified, assessed, and treated? This introductory textbook presents the full range of developmental and acquired communication disorders, including specific language impairment, dysarthria, apraxia of speech, aphasia, and stuttering. Covering clinical features, diagnosis, and treatment, the book is an indispensable resource for students of linguistics and speech and language therapy. Communication Disorders also includes clinical linguistic data throughout to illustrate specific features of communication disorders, discusses disorders often neglected in introductory books such as glossectomy and gender dysphoria. Contains in-text references to a companion website which has colour photographs, audio, and video files, and 200 self-test questions. Provides exercises with answers, key point boxes, case studies, suggested readings, and a glossary.

Royal College of Speech & Language Therapists Clinical Guidelines Sylvia Taylor-Goh, 2017-07-05 The aim of these guidelines is to provide clinicians, managers, and service users with statements regarding the clinical management of specific disorders or conditions, and in some instances, particular populations. The guidelines assist in the clinical decision-making process by providing information on what is considered to be the minimum best practice. Each guideline contains
