a previous lifetime that he is building on early in this one We are drawn to professions we are familiar with because we've done them before and may choose places to live visit or vacation because they are pleasant and familiar to us from a past life walking on our own faded footprints without realizing it When one of his students in conversation began quoting poetry of Arthur Rimbaud without knowing it author William E Bray began exploring the possibility that his student might have been Rimbaud in a past lifetime Subsequent research led him to develop a lineage chart showing that the spiritual lineage of Rimbaud stretched back through Andre Breton Virgil and Alexander the Great He shows how the adventures of Aeneas would have been based on Virgil's subconscious memories of his own exploits when he would have been Alcibiades in a past life Each chapter leads the reader through an exciting search to discover the past lives of some of the world's most important figures The book is also written as a guide to help the reader learn how to research his own past lives

Speaking of Jane Roberts Susan M. Watkins, 2001-01-01 Poet novelist author of the Seth Material Jane Roberts's

books have sold over 7.5 million copies. She was one of the most important psychics of the twentieth century. Now *Speaking of Jane Roberts* reveals a woman as fascinating as the material she produced. Susan Watkins and Jane Roberts were friends for sixteen years. Early on, Seth, the entity who spoke through Roberts, told the two women that they were counterparts connected in this particular lifetime to work out some shared personal issues. In addition to being a compassionate and sometimes painfully honest look at Roberts's life, her difficult childhood, her constant questioning of psychic abilities and sources of creativity, her resistance to Seth's advice, her dramatic struggles with her health, *Speaking of Jane Roberts* is also a beautiful and applicable illustration of the counterpart relationship. The connection that Watkins and Roberts shared reveals something important about the power and mystery of the connections we all share with the people closest to us. Watkins also offers original insights into the phenomenon of channeling.

*Beyond Heaven and Earth* Steven H. Propp, 2003-11-17 Have you ever wondered what happens to us when we die? What if you really HAD to know? When tragedy strikes the family of young Jobran Winter, he is forced to confront these questions directly. Undertaking a feverish Quest, he explores various branches of Christianity, Judaism, Islam, Hinduism, Buddhism, Sikhism, as well as the religions of China and Japan. His search encompasses the New Age, Reincarnation, Spiritism, and Psychical Research. Attending channeling sessions and sances, investigating haunted houses, and Near Death Experiences, he examines spiritual traditions ranging from Swedenborg to Scientology, from Jodo Shinshu to the Jehovah's Witnesses. Finally, the Quest brings him into direct contact with Hospice work, physical disability, child abandonment, abortion, suicide, euthanasia, and even cold-blooded murder. Encounter the doctrines of Purgatory, Predestination, Universalism, Annihilationism, as you journey in a novel that will make you reexamine your ideas about religion, skepticism, love, death, and LIFE.
