**Conversion** Arthur Darby Nock,1933 **Conversion : the old and the new in religion from Alexander the Great to Augustine of Hippo** A. D. Nock,1963 **Conversion** Arthur Darby Nock,1988 A seminal study of the psychology and circumstances of conversion from about 500 B C E to about 400 A D *The Psychology of Religion, Fourth Edition* Ralph W. Hood, Jr.,Peter C. Hill,Bernard Spilka,2009-07-15 Scholarly and comprehensive yet accessible this state of the science work is widely regarded as the definitive graduate level psychology of religion text The authors synthesize classic and contemporary empirical research on numerous different religious groups Coverage includes religious thought belief and behavior across the lifespan links between religion and biology the forms and meaning of religious experience the social psychology of religious organizations and connections to morality coping mental health and psychopathology Every chapter features thought provoking quotations and examples that bring key concepts to life New to This Edition Revised and updated with the latest theories methods and empirical findings Many new research examples Restructured with fewer chapters for better fit with a typical semester More attention to the differences between religion and spirituality Covers emerging topics genetics and neurobiology positive psychology atheism and more **Wicca: A comprehensive guide to the Old Religion in the modern world** Vivianne Crowley,2016-04-07 Wicca is said to be the oldest religion in the world Today growing numbers of people are becoming attracted to the old way In this bestselling introductory book Vivianne Crowley explains the way of the Witch and shows the relevance of modern Wicca in today s world *The Archaeology of the East Anglian Conversion* Richard Hoggett,2010 The huge changes in the landscape as a result of the Christian conversion of East Anglia are examined in this multi disciplinary study The conversion to Christianity of the Anglo Saxon kingdom of East Anglia left huge marks on the area both metaphorical and literal Drawing on both the surviving documentary sources and on the eastern region s rich archaeological record this book presents the first multi disciplinary synthesis of the process It begins with an analysis of the historical framework followed by an examination of the archaeological evidence for the establishment of missionary stations within the region s ruinous Roman forts and earthwork enclosures It argues that the effectiveness of the Christian mission is clearly visible in the region s burial record which exhibits a number of significant changes including the cessation of cremation The conversion can also be seen in the dramatic upheavals which occurred in the East Anglian landscape including changes in the relationship between settlements and cemeteries and the foundation of a number of different types of Christian cemetery Ultimately it shows that far from being the preserve of kings the East Anglian conversion was widespread at a grassroots level changing the nature of the Anglo Saxon landscape forever Dr RICHARD HOGGETT is currently Coastal Heritage Officer with Norfolk County Council *Religious Transformation in Maya Guatemala* John P. Hawkins,2021-05-01 Mayas and indeed all Guatemalans are currently experiencing the collapse of their way of life This collapse is disrupting ideologies symbols life practices and social structures that have undergirded their

society for almost five hundred years and it is causing rapid and massive religious transformation among the K'iche' Maya living in highland western Guatemala. Many Maya are converting to Christian Pentecostal faiths in which adherents and leaders become bodily agitated during worship. Drawing on over fifty years of research and data collected by field school students, Hawkins argues that two factors, cultural collapse and systematic social and economic exclusion, explain the recent religious transformation of Maya Guatemala and the style and emotional intensity through which that transformation is expressed. Guatemala serves as a window on religious change around the world, and Hawkins examines the rapid pentecostalization of Christianity not only within Guatemala but also throughout the global South. The pentecostal wail, as he describes it, is ultimately an acknowledgment of the angst and insecurity of contemporary Maya.

**Historia Religionum: Religions of the present** Archives départementales du territoire de Belfort, Geo Widengren, 1959  
**Defining Islam** Andrew Rippin, 2016-04-08  
Ever since a group of people came into existence who called themselves Muslims and followed Islam, questions of what it means to be a member of this group, who is to be included/excluded, and what the requirements for membership are, have proven to be both divisive and defining. For scholars and critics, the issue of what constitutes or defines Islam, whether examining the history of the religion, its specific traditions, sectarian politics, or acts of terrorism, is central to any understanding of its issues, cultures, and ideas. **Defining Islam** brings together key classic and contemporary writings on the nature of Islam to provide student readers with the ideal collection of both primary and critical sources.

**Dynamism and the Ageing of a Japanese 'New' Religion** Erica Baffelli, Ian Reader, 2018-12-13  
This book is available as open access through the Bloomsbury Open programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). This book examines the trajectory and development of the Japanese religious movement Agonshu and its charismatic founder Kiriya Seiyu. Based on field research spanning 30 years, it examines Agonshu from when it first captured attention in the 1980s with its spectacular rituals and use of media technologies through its period of stagnation to its response to the death of its founder in 2016. The authors discuss the significance of charismatic leadership, the democratisation of practice, and the demands made by movements such as Agonshu on members while examining how the movement became increasingly focused on revisionist nationalism and issues of Japanese identity. In examining the dilemma that religions commonly face on the deaths of charismatic founders, Erica Baffelli and Ian Reader look at Agonshu's response to Kiriya's death, looking at how and why it has transformed a human founder into a figure of worship. By examining Agonshu in the wider context, the authors critically examine the concept of new religions. They draw attention to the importance of understanding the trajectories of new religions and how they can become old even within their first generation.
