**Conflict Resolution (June Hunt Hope for the Heart)** June Hunt, 2013-01-04 Disharmony in the home wars in the workplace and disputes in the church should lead us to the One to whom we can turn to for direction, strength and courage. God's Word provides principles for peace that can bring about the supernatural result of reconciliation and resolution. Conflict Resolution will shed light on why some people are avoiders while others are attackers. Learn what causes the worst type of conflict and how to overcome core differences working through conflict rather than pushing it to the side. The last section titled Steps to Solution gives you applicable tools to overcome conflict such as 7 principles for facing conflict applying the 5 Ws to conflict resolution how to respond when others are critical of you recipe for conflict resolution and much more. Paperback 96 pages 4 x 7 inches

**Practical Theology and the Interpretation of Crossing Boundaries** Bert Roebben, 2003 In October 2002 the Tilburg Professor of Practical Theology Tjeu van Knippenberg retired. In order to honour him as a bright scholar in the field of fundamental practical theology and pastoral care 23 of his colleagues at Tilburg University and elsewhere Nijmegen and Leuven contributed to this festschrift. Their attention is focused on the concept of boundaries in practical theology between context and Christian tradition church and society personal identity and Christian narrative individual and community. Different research projects out of the Tilburg tradition of practical theology are presented from an empirical hermeneutical perspective.

**Better than One** Valeriia Chornobai, Viktoriia Hrytsenko, 2023-10-31 In the beginning God declared that it was not good for human beings to be alone. Yet the ache of loneliness is rampant in our societies knowing no boundaries of age sex geography culture or religion. This book offers the reader a robust theological understanding of loneliness as a multifaceted phenomenon impacting the lives of believers. It identifies five different types of loneliness: emotional, social, cultural, existential, and spiritual, and illustrates each type through well-known biblical narratives exploring what each narrative reveals about the relational nature of God and the humans created in his likeness. Yet beyond a theological framework, this book also provides practical and effective strategies for understanding and combating loneliness in the contexts of our contemporary lives. It pays particular attention to the historic and contemporary challenges of singleness and celibacy especially as experienced in collectivist cultures and evangelical contexts. Chornobai and Hrytsenko aim to equip all those suffering from loneliness as well as those walking alongside them whether pastors counselors or social workers to better understand the inner and outer factors impacting their experience and to find more effective strategies for coping and thriving.
