Adopting Artificial Intelligence Tools in Higher Education Thangavel Murugan, Karthikeyan Periasamy, A.M. Abirami, 2025-01-24 This book offers a modern exploration of the intersection of technology and education. It examines the prospects of integrating different AI tools into higher education and explores the challenges, opportunities, and innovative solutions for the different issues surrounding the use of AI in higher education. Each chapter discusses a different area where AI can enhance the educational landscape, such as AI integration in higher education and immersive virtual reality based learning environments. The book also emphasizes student centered learning, AI powered frameworks for academic excellence, and learner centric pedagogies. Furthermore, it delves into the role of AI in personalized learning in STEM courses, the development of AI based tutoring systems, and the use of machine learning to identify students' mental health status. The volume concludes with Dynamic Horizon, which examines how AI and gamification are shaping higher education. This book is essential for educators, administrators, researchers, and policymakers who want to leverage AI to create an adaptive, personalized, and engaging learning environment. **Adopting Artificial Intelligence Tools in Higher Education** provides valuable insights into the future of education, paving the way for a more empowered and enlightened academic world.

Designing and Implementing a Successful Undergraduate Research, Scholarship and Creative Activity Program Holly Unruh, Heather Haeger, John Banks, Winny Dong, 2024-09-06 **Designing and Implementing a Successful Undergraduate Research, Scholarship and Creative Activity Program** is designed as a resource for faculty, administrators, and university leaders interested in developing new or expanding existing undergraduate research programs. The book provides a practical handbook addressing the many how-to questions associated with running a successful undergraduate research enterprise, ranging from how to organize an undergraduate research office to how to find funding, foster cross-campus relationships, and develop learning outcomes for students in order to maximize the benefits of the research experience. It also addresses best practices in mentoring, how faculty mentorship fits within the discussion of tenure and promotion, and the basics of assessment for both funder reporting and program improvement. Containing a series of vignettes offering specific advice from program directors, faculty mentors, and university administrators from a diverse array of universities and colleges, this book showcases their hands-on tips, advice, and lessons learned. Addressing key issues through real-world experience, the authors show how to build effective cross-disciplinary undergraduate research programs with positive impacts for students and faculty.

Portland Transcript, 1855 [Materials for Language Assessment](#) Asma Aftab, 2025-10-20 This edited volume illustrates varied language assessment objectives, such as language impact and potentiality, and the effective uses of artificial intelligent applications and activities which have been developed from context-based theoretical frameworks. The beliefs and practices have been derived from the assessment experiences of practitioners in Europe, South Asia, Far East, and Africa.
