# How To Do Affiliate Marketing – Step by Step

## STEP 1: Create an online presence and niche.

Before promoting products, you must have a platform and create online content, such as social media posts and/or a blog. Selecting a niche allows you to focus on one specific market and better target your audience.

## STEP 2: Research how you stand out from your competitors.

This process will help you figure out what your competitors are doing and how you can stand out. It can also help you determine which products to promote and which niche to work with.

## STEP 3: Find the best platform.

Platforms such as websites and YouTube channels are ideal for growing an audience and promoting your brand. However, if you're looking to grow your business, you should consider using a variety of platforms.

## STEP 4: Discover which affiliate network gives you the most returns.

Assess these factors before choosing an affiliate network: cookie duration, competition, the network and the merchant's reputation, brand alignment, fees, and the level of support.

## STEP 5: Decide on what to promote.

The products you choose must align with your brand and values. Promoting a product you're already using and one you would highly recommend to others is best if you're just starting.

## STEP 6: Optimize your site's content.

When you create valuable and informative content, you help your audience and position yourself as an authority in your field. High-quality content can help you rank higher on search engine results pages (SERPs). The more traffic you get, the more chances you have of making a sale.

[Simple Affiliate Success](#) RD King, Discover How To Become A Successful Affiliate Marketer Even If You're Just Starting Out Online. Creating your own products to sell online isn't an easy task. You have to first find out what would sell by doing tedious research. You have to create the product. You have to deal with payment processors and shopping carts. You have to deal with customer support. You have to provide ongoing maintenance such as web hosting and technical issues. The solution to all this is Affiliate Marketing. When you are an affiliate marketer, you promote a product, service, or site for a business, and you, as a publisher, get rewarded for doing so. In most cases, you find products related to your niche and offer them on your website or blog. You promote the products and post a link on your site where they can purchase the products. Then, when someone follows that link to buy something, you earn a commission. The commissions can be either a percentage of the sale or a fixed amount. You've seen links to other sites when you've read other people's blogs. These links make the blogger money.
