Conservative Parties The Right And Democracy In Latin America

Atilio Borón

Conservative Parties The Right And Democracy In Latin America:

Conservative Parties, the Right, and Democracy in Latin America Kevin J. Middlebrook, 2000 **Conservative Party-building in Latin America** James Loxton, 2021 Voice and Inequality is about conservative parties in Latin America James Loxton examines parties formed between 1978 and 2010 and tries to understand why some were more successful than others The main puzzle is the surprising connection between roots in dictatorship and success under democracy What allowed authoritarian successor parties in countries like Chile and El Salvador to succeed while those with more democratic origins in countries like Argentina and Guatemala failed It argues that this was not a coincidence the former inherited valuable resources from the old regime that helped them to thrive in the new Right-Wing Politics in the New Latin America Francisco Dominguez, Doctor Geraldine Lievesley, Steve Ludlam, 2011-11-10 The focus for students of Latin America in the past decade has been on the political forces of the left and the so called pink tide presidencies attempting to bring about social and economic change in the region However there has been far less attention paid to the rightwing political forces resisting such change Such opposition is being orchestrated by political parties business the private media and other social and cultural institutions and is linked to the soft power of US diplomacy In recent years its activities have often appeared to challenge the democratic process itself Based on a variety of original fieldwork and evidence this volume addresses the current trajectories of rightwing politics in Latin America in the face of leftist governments the discrediting of neoliberalism and the decline of US hegemony It includes chapters on US policy towards Latin America the role of US based think tanks the influence of transnational business and of the private media as well as offering country specific chapters on key states with rightwing governments and on opposition to left of centre governments in Venezuela Bolivia Cuba Brazil Paraguay Argentina and Chile A revealing and important book for anyone interested in contemporary Latin American politics Politics Latin America Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte through the maze of politics in Latin America Journal of Latin American Studies Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible overview of the region s unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative politics **The Right and Democracy in Latin America** Douglas A. Chalmers, Maria do Carmo Campello de Souza, Atilio Boron, 1992-02-28 This book of up to date studies by a group of research scholars from Latin America and the United States examines the factors essential to an understanding of the Right s goals organizations and commitment to

democracy The book is divided into four distinctive sections the first of which deals with the general characteristics of the Right The following three sections explore in depth the political strategies and organizations of the Right in elections and governing coalitions the conservative trends that are changing the Church and the fate of neo liberal ideas among businessmen traditionally dependent on the State Several chapters are devoted to the distinctive dynamics in Argentina Brazil Mexico and Peru **The Resilience of the Latin American Right** Juan Pablo Luna,Cristóbal Rovira

Kaltwasser,2014-09-01 This comparative study of Latin American conservative politics over the past twenty years analyzes right of center actors electoral movements parties and economic policy dynamics Since the late 1990s when Latin American countries began making a turn to the left political parties and candidates on the right end of the partisan spectrum have had a difficult time achieving electoral success Although the left turn can be seen as a natural reaction to the public s general dissatisfaction with the conservative modernization policies of the 1980s and 1990s left of center politics are by no means permanent In *The Resilience of the Latin American Right* Juan Pablo Luna and Cristóbal Rovira Kaltwasser seek to right this view by explaining the strategies conservative political parties have used to maintain a foothold in the region s electoral and governance processes The editors provide an analytical framework for conceptualizing the right that works for both historic and contemporary politics and the volume s contributors use the framework to evaluate right of center political activity across the continent They find that conservative forces are pursuing a range of adaptive strategies including nonelectoral and nonpartisan tactics The book s four thematic sections include an analysis of parties and elections in Argentina Bolivia Brazil Chile Colombia Ecuador El Salvador Mexico Peru and Venezuela Students and scholars of both Latin American politics and comparative politics will find *The Resilience of the Latin American Right* of vital interest *Latin American Democratic Transformations* William C. Smith,2009-08-24 *Latin American Democratic Transformations* explores the manner in which

Latin American societies seek to consolidate and deepen their democracies in adverse domestic and international circumstances The contributors engage recent debates on liberal and illiberal democracy and probe the complex connections between democratic politics and neoliberal market oriented reforms **Conservative Parties, Democracy, and Economic Reform in Contemporary Brazil** Scott Mainwaring,Rachel Meneguello,Timothy Joseph Power,1999 **British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain** ,2002 *The Right in Chile After Pinochet* Daniel Adam Kaufman,2001 **The Resilience of the Latin American Right** Juan Pablo Luna,Cristóbal Rovira Kaltwasser,2014-09

Students and scholars of both Latin American politics and comparative politics will find *The Resilience of the Latin American Right* of vital interest **The Oxford Encyclopedia of the Modern World** Peter N. Stearns,2008 This multivolume encyclopedia includes articles on countries regions and ethnic groups themes involving social history demography family life politics economics religion thought education science and technology and culture and events such as major wars

Democratic Survivability in Latin America Scott Mainwaring,1999 **Conservative Popular Appeals** Maria Eugenia

Giraudy,2015 How do elite conservative parties win mass support Over time political scientists have been puzzled by this question In my dissertation I analyze this question by investigating the strategies conservative parties use to attract these voters In particular my research shows that parties can choose from four possible strategies to build mass support economic moderation orthogonal appeals grassroots activities and neoliberalism I use machine learning to analyze four right wing parties in Argentina and Chile and demonstrate that parties have varied in the strategies they chose to attract new voters To this end I classify the text of 4800 press releases using topic models with Latent Dirichlet Allocation This method classifies the topics parties choose to focus on For instance it can show if a party has focused on moral values e g abortion gay marriage or on economic issues role of the market exports promotion By understanding the topics parties focus on in their press releases I can analyze which strategies they use to attract poor voters The results of the classification show that for example in Chile one conservative party Union Democratica Independiente UDI chose to create grassroots activities in poor areas in order to attract the urban poor while the other conservative party Renovacion Nacional RN chose to use orthogonal appeals on the value of democracy and human rights as well as presenting a moderate economic platform In Argentina UCeDe opted to focus on neoliberal appeals to attract both rich and poor voters while Propuesta Republicana PRO decided to moderate its economic appeals To explain this variation I argue that the ties of conservative parties to conservative institutions constrain the strategies of conservative parties to expand their electoral coalitions In particular I analyze how the ties to the three most relevant conservative institutions of Latin America s recent history the Catholic Church the Military and business groups affect the possible strategies of conservative party leaders This analysis is based on qualitative evidence collected during 18 months of fieldwork in Argentina and Chile I use an original database of the careers of party officials as well as in depth interviews with top conservative party leaders to trace the ties of conservative institutions to the parties I show that these institutions can influence party strategies through two different paths First conservative institutions may have external influence to the party and threaten to cut valuable resources in case the party chooses not to defend their policy interests Second conservative institutions might choose to affect party strategies through the path of internal influence In this path representatives of the conservative institution occupy key party positions and block policies that may affect the interests of the institution My dissertation demonstrates that each party s strategic choices depend on the ties that party leaders have to these three conservative institutions In the case of RN the decision of party leaders to use orthogonal appeals as well as limited economic moderation is a consequence of the fact that RN leaders have moderate ties to export oriented business groups moderate ties to the Catholic Church and weak ties to the military In the case of UDI its party leaders were able to build strong grassroots activities due to their strong ties to the military and business groups These ties made it difficult for the party to use strategies of economic moderation or orthogonal appeals Additionally the strong ties of UDI to the Catholic Church made it difficult for the party to introduce progressive moral topics to attract new voters In Argentina

UCeDe leaders in the 1980s chose a neoliberal strategy due to the strong ties of UCeDe to liberal economic groups In addition party leaders had medium ties to the military which made it difficult to use a strategy of orthogonal appeals on Human Rights issues and the party did not use moral progressive topics in order to avoid an adverse reaction from the Catholic Church Last PRO leaders chose a strategy of economic moderation to attract new voters Different to other parties PRO was able to implement such a strategy because it had moderate ties to ISI business groups In addition the party s moderate ties to the Catholic Church was translated in mixed positions on moral values PROs weak ties to the military makes it possible for them to utilize pro democratic appeals However as the party was formed more than 30 years after the transition to democracy its appeals are less about the role of the military and more about the defense of republican institutions

G.K. Hall Bibliographic Guide to Latin American Studies Benson Latin American Collection,2000 *The Art of Subtle Persuasion* Andrew Benjamin Baker,2001 **Political Science Quarterly** ,1931 A review devoted to the historical statistical and comparative study of politics economics and public law Latin American Studies Association ... International Congress Latin American Studies Association. International Congress,2003 Latin America Juan Manuel Pérez,2004 This is a general bibliography on Latin America covering a wide variety of subjects from pre Columbian civilizations to Columbus to Castro to the foreign debt to pollution ect This work will not only be of use to the general casual reader on Latin America but also to the more specialized researcher The book contains over 800 topics with over 8 000 titles identified *The Right and the Struggle for Democracy in Latin America* Atilio Borón,1990
